**Podcasting in a Platform Age** John L. Sullivan, 2024-01-25 Podcasting in a Platform Age explores the transition underway in podcasting by considering how the influx of legacy and new media interest in the medium is injecting professional and corporate logics into what had been largely an amateur media form. Many of the most high profile podcasts today however are produced by highly skilled media professionals some of whom are employees of media corporations. Legacy radio and new media platform giants like Google, Apple, Amazon, and Spotify are also making big and expensive moves in the medium by acquiring content producers and hosting platforms. This book focuses on three major aspects of this transformation: formalization, professionalization, and monetization. Through a close read of online and press discourse, analysis of podcasts themselves, participant observations at podcast trade shows and conventions, and interviews with industry professionals and individual podcasters, John Sullivan outlines how the efforts of industry players to transform podcasting into a profitable medium are beginning to challenge the very definition of podcasting itself. **Streaming Video**

**Resources for Teaching, Learning, and Research** Julie A. DeCesare, 2014-03-27 According to a 2012 Ithaka study, 80 percent of faculty in the humanities and 70 percent in social sciences use video film and non-textual resources for teaching undergraduates. Streaming video is not simply an accommodation to distance learners; rather, it's an expectation for the curriculum and a valuable tool for teaching critical thinking skills, analysis, and the use of primary sources. This issue of Library Technology Reports will help you recommend high-quality video resources for faculty and researchers with information on 75 YouTube channels for teaching, learning, and research; 11 interdisciplinary video and multimedia sites with annotations on features and content; 6 open access course collections; 5 university channels and collections; Using video with Moodle, Sakai, LibGuides, or WordPress; Mass market video sites that offer library-friendly business models. **Standard & Poor's Creditweek**, 2006 No Rules Rules Reed Hastings, Erin Meyer, 2020-09-08 The New York Times bestseller. Shortlisted for the 2020 Financial Times McKinsey Business Book of the Year. Netflix cofounder Reed Hastings reveals for the first time the unorthodox culture behind one of the world's most innovative, imaginative, and successful companies. There has never before been a company like Netflix. It has led nothing short of a revolution in the entertainment industries, generating billions of dollars in annual revenue while capturing the imaginations of hundreds of millions of people in over 190 countries. But to reach these great heights, Netflix, which launched in 1998 as an online DVD rental service, has had to reinvent itself over and over again. This type of unprecedented flexibility would have been impossible without the counterintuitive and radical management principles that cofounder Reed Hastings established from the very beginning. Hastings rejected the conventional wisdom under which other companies operate and defied tradition to instead build a culture focused on freedom and responsibility, one that has allowed Netflix to adapt and innovate as the needs of its members and the world have simultaneously transformed. Hastings set new standards, valuing people over process, emphasizing innovation over

efficiency and giving employees context not controls At Netflix there are no vacation or expense policies At Netflix adequate performance gets a generous severance and hard work is irrelevant At Netflix you don't try to please your boss you give candid feedback instead At Netflix employees don't need approval and the company pays top of market When Hastings and his team first devised these unorthodox principles the implications were unknown and untested But in just a short period their methods led to unparalleled speed and boldness as Netflix quickly became one of the most loved brands in the world Here for the first time Hastings and Erin Meyer bestselling author of *The Culture Map* and one of the world's most influential business thinkers dive deep into the controversial ideologies at the heart of the Netflix psyche which have generated results that are the envy of the business world Drawing on hundreds of interviews with current and past Netflix employees from around the globe and never before told stories of trial and error from Hastings's own career *No Rules Rules* is the fascinating and untold account of the philosophy behind one of the world's most innovative imaginative and successful companies
