

OPERATION

KNOW YOUR BLOWER

READ THIS INSTRUCTION MANUAL AND SAFETY RULES BEFORE OPERATING YOUR UNIT. Compare the illustrations with your unit to familiarize yourself with locations of the various controls and adjustments. Save this manual for future reference.

THROTTLE LEVER

The throttle lever is used to select the desired engine speed and to stop the engine. To stop engine, move the throttle lever to the STOP position and hold until engine stops running.

PRIMER BULB

The PRIMER BULB removes air from the carburetor and fuel lines and fills them with fuel. This allows you to start the engine with fewer

pulls on the starter rope. Activate the primer bulb by pressing it and allowing it to return to its original form.

CHOKE LEVER

The CHOKE helps to supply fuel to the engine to aid in cold starting. The RUN position is used for full speed operation. The HALF CHOKE position is used for a brief initial warm-up period.

OPERATING POSITION

OPERATING TIPS

- To reduce the risk of hearing loss associated with sound level(s), hearing protection is required.
- Operate power equipment only at reasonable hours—not early in the morning or late at night when people might be disturbed. Comply with times listed in local ordinances. Usual recommendations are 9:00 a.m. to 5:00 p.m., Monday through Saturday.
- To reduce noise levels, operate power blowers at the lowest possible throttle speed to do the job.

- To reduce noise levels, limit the number of pieces of equipment used at any one time.
- Use rakes and brooms to loosen debris before blowing.
- In dusty conditions, slightly dampen surfaces when water is available.
- Conserve water by using power blowers instead of hoses for many lawn and garden applications, including areas such as gutters, screens, patios, grills, porches, and gardens.
- Watch out for children, pets, open windows, or freshly washed cars. Blow debris away safely.
- Use the full blower tube extension so the air stream can work close to the ground.
- After using blowers and other equipment, CLEAN UP! Dispose of debris in trash receptacles.

BEFORE STARTING ENGINE

⚠ WARNING: Be sure to read the fuel information in the safety rules before you begin. If you do not understand the safety rules, do not attempt to fuel your unit. Call 1-800-554-6723.

FUELING ENGINE

⚠ WARNING: Remove fuel cap slowly when refueling.
