torn apart by religious and political conflict **Profit and Prejudice** Paul Donovan,2020-11-05 Avoiding prejudice will be critical to economic success in the fourth industrial revolution It is not the new and innovative technology that will matter in the next decade but what we do with it Using technology properly with diverse decision making is the difference between success and failure in a changing world This will require putting the right person in the right job at the right time Prejudice stops that happening Profit and Prejudice takes us through the relationship between economic success and prejudice in labour markets It starts with the major changes that occur in periods of economic upheaval These changes tend to be unpopular and complex and complexity encourages people to turn to the simplistic arguments of scapegoat economics and prejudice Some of the changes of the fourth industrial revolution will help fight prejudice but some will make it far worse The more prejudice there is the harder it will be for companies and countries to profit from the changes ahead Profit is not the main argument against prejudice but can certainly help fight it This book tells a story of the damage that prejudice can do Using economics without jargon students investors and the public will be able to follow the narrative and see how prejudice can be opposed Prejudice is bad for business and the economy Profit and Prejudice explains why Continuity and Change Patricia M. O'Connor,Fidelma McCorry,2025-04-15 Bringing together a multidisciplinary team of authors this book relays the untold story of postwar migration between Ireland and Australia Spanning the period 1945-2024 it explores the experiences of migrants from the Republic of Ireland and Northern Ireland and provides insights into the multiple reasons these migrants came to Australia factors which prompted permanency or return and the extent of continuity and change between recent arrivals and their historical predecessors Contemporary flows are examined through the lens of social economic policy and technological changes occurring at the time in Ireland Australia and globally Decades of economic boom and bust in Ireland including the growth and demise of the Celtic Tiger the impact of government investment in education in the Republic and the Troubles in Northern Ireland occurred alongside marked changes in Australia's immigration policy During this time an increased affordability of international travel and communication brought new dynamics to the tyranny of distance that characterised historical flows How contemporary migrants from Ireland navigated these changes in terms of identity and belonging homesickness and transnationalism are the key themes which are explored The role of Ireland's Government in relation to its migrant community in Australia and the impact of COVID 19 are also considered This book not only fills a gap in Ireland's diaspora research but also contributes to migration studies more broadly particularly the experiences of invisible immigrants *Frommer's Ireland from 45 Dollars a Day* Susan Winifred Poole,Arthur Frommer,1995-09 Let Frommer take you off the beaten track in the Emerald Isle to discover hundreds of charming and affordable guesthouses B Bs and pubs This cost conscious guide is packed with tips on how to have inexpensive outdoor adventures and how to see the sights in style without breaking the bank Maps Index **Ireland Today** ,1979 *Parliamentary Debates (Hansard)*.
