Effects of Consumerism on Modern Society. In what Aspects does Consumerism form an Identity? Leonie Quicker, 2023-06-23 Seminar paper from the year 2019 in the subject Sociology

Consumption and Advertising grade 1 3 University of Paderborn Kulturwissenschaft language English abstract This term paper is set out to investigate in what aspects consumerism forms an identity and to what degree it affects modern society. In order to gather information and data this research project will look at different Instagram accounts and groups like richkids\_official or women\_luxurys\_life. How do they advertise certain products and in what way do these people represent themselves within a particular picture. Simultaneously this term paper will explain the consequences of consumerism on businesses, society in general and people's mental health. Sources that will be needed to answer these questions are going to be Yiannis Gabriel and Tim Lang's 'The Unmanageable Consumer: Contemporary Consumption and its Fragmentations' from 1995 in which the different functions of a consumer are thoroughly explained and analysed. In addition, J. D. Forbes' 'The Consumer Interest' published 1987 defines different sections in which consumerism influences society. Using these sources and explanations this research project will try to answer the question of how consumerism forms an identity and to what degree it thereby affects society. I'm just a girl standing in front of a photo asking it to be Instagram worthy. The quote above is a re-written version of Notting Hill's famous sentence: I'm just a girl standing in front of a boy asking him to love her. Comparing these situations it can be interpreted as though the re-written girl just wants to have a photo worthy for

Instagram in order to be loved Therefore this quote tells more about society than just a girl wanting to look pretty online Nowadays almost every person who is able to go online has at least heard or even registered on one or more social media platforms like Facebook Twitter or Instagram Instagram's impact on Generation Z. Does a professional Instagram account influence the decision-making process? Maria Priller, 2019-08-13 Master's Thesis from the year 2019 in the subject Communications Public Relations Advertising Marketing Social Media grade 2 University of applied sciences Tourism Leisure Management language English abstract The main objective of this master thesis is to investigate whether Instagram has an impact on Generation Z's decision making behaviour when choosing an Austrian spa facility According to the determined research questions this thesis aims to examine as well to what extent a professional Instagram account has an impact on the decision making process what the motivations are to use Instagram regarding a wellness stay and how Generation Z perceives the Austrian spa industry In addition recommendations for an enhanced Instagram performance for Austrian spa's will be given For the secondary research relevant books articles journals studies and websites have been used To answer the research questions properly a quantitative research method in the form of an online questionnaire according to the expectation motivation and attitude model was applied *Benefits of Influencer Marketing in Tourism* Alina

Fackler, 2018-04-17 Seminar paper from the year 2018 in the subject Business economics Offline Marketing and Online Marketing grade 2 0 University of Applied Sciences Deggendorf language English abstract Nowadays it is a decisive role for the image of a company to be represented on social media because it is one of the most important type of media in today's time The influence of traditional media is declining sharply Companies thus lose the opportunity to reach their target groups via these older communication channels At the same time almost 80% of adults are online and are spending daily 166 minutes on average in the web Consumers look at other consumers to inform themselves about products and services This is why a new segment of Marketing has developed so called Influencer Marketing It is a trend topic and many companies deal already with it Many tourism companies agree that Marketing of their offers is mostly online But customers do not exclusively inform themselves online Word of mouth from family and friends are still worth a lot Consequently the tourism companies cannot compete with personal relations Nevertheless there is an opportunity to work with bloggers and thus imitate the personal recommendation Most tourism experts are already actively using social media and look above all opportunities for stronger customer loyalty direct contact with customers but also for addressing new target groups The aim of the present work is to define Influencer Marketing and to work out the benefits for the tourism industry **Dollars and Sense** Dan Ariely, Jeff Kreisler, 2017-11-07 New York Times bestselling author Dan Ariely teams up with financial comedian and writer Jeff Kreisler to delve into the truly irrational world of personal finance blending humor and behavioral economics to help people understand the psychology behind their financial decisions and show them how they can make better ones He entertains critical questions such as these Why is paying for things painful Why are we comfortable overpaying for something

in the present just because we've overpaid for it in the past. Why is it easy to pay 4 for a soda on vacation when we wouldn't spend more than 1 on that same soda at our local grocery store? We think of money as numbers, values and amounts, but when it comes down to it, when we actually use our money, we engage our hearts more than our heads. Emotions play a powerful role in shaping our financial behavior, often making us our own worst enemies as we try to save, access, value and spend responsibly. In *Dollars and Sense*, bestselling author and behavioral economist Dan Ariely teams up with financial comedian and writer Jeff Kreisler to challenge many of our most basic assumptions about the precarious relationship between our brains and our money. In doing so, they undermine many of personal finance's most sacred beliefs and explain how we can override some of our own instincts to make better financial choices. Exploring a wide range of everyday topics from the lure of pain-free spending with credit cards to the pitfalls of household budgeting to the seduction of holiday sales, Ariely and Kreisler demonstrate how our misplaced confidence in our spending habits frequently leads us astray, costing us more than we realize. Whether it's the real value of the time we spend driving forty-five minutes to save 10 or our inability to properly assess what the things we buy are actually worth, the result not only reveals the rationale behind our most head-scratching financial choices but also offers clear guidance for navigating the treacherous financial landscape of the brain. Fascinating, engaging, funny and essential, *Dollars and Sense* provides the practical tools we need to understand and improve our financial choices, save and spend smarter and ultimately live better.
