In *Working Backwards*, two long-serving Amazon executives reveal the principles and practices that have driven the success of one of the most extraordinary companies the world has ever known. With twenty-seven years of Amazon experience between them, much of it during the period of unmatched innovation that created products and services including Kindle, Amazon Prime, Amazon Studios, and Amazon Web Services, Bryar and Carr offer unprecedented access to the Amazon way as it was developed and proven to be repeatable, scalable, and adaptable. With keen analysis and practical steps for applying it at your own company, no matter the size, the authors illuminate how Amazon's fourteen leadership principles inform decision-making at all levels of the company. With a focus on customer obsession, long-term thinking, eagerness to invent, and operational excellence, Amazon's ground-level practices ensure these characteristics are translated into action and flow through all aspects of the business. *Working Backwards* is both a practical guidebook and the story of how the company grew to become so successful. It is filled with the authors' in-the-room recollections of what being Amazonian is like and how their time at the company affected their personal and professional lives. They demonstrate that success on Amazon's scale is not achieved by the genius of any single leader but rather through commitment to and execution of a set of well-defined, rigorously executed principles and practices shared here for the very first time. Whatever your talent, career, or organization might be, find out how you can put *Working Backwards* to work for you. *Business 2.0*, 2003-07 *Focus On: 100 Most Popular English Male Comedians* Wikipedia contributors, *Billboard*, 1999-10-16 In its 114th year, *Billboard* remains the world's premier weekly music publication and a diverse digital events, brand content, and data licensing platform. *Billboard* publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital, and mobile entertainment issues and trends. **72 Unconventional Ways to Save Money** Nick Johnson, 2012-02-25 What if I told you that your child could make phone calls and text without paying for a cell phone plan? Did you know that you could save 50% on your next flight? All financial saving books and speakers have one thing in common: as they want you to save your money for later in life. My belief is that with certain disciplines, you can save for the future while also enjoying the luxuries of the present. This book will guide you in how to keep the same spending habits but provide you with ways to save on what you buy while teaching you how to buy. I am assured that you have heard some of the techniques in this book, but I believe that there are a few that you'll find new and highly beneficial. Anyone can cut costs by not spending money on the things they want, but what fun is that? Employ a few of these tips into your yearly spending and enjoy the financial freedom to
