Excerpt: the defenders some 200 were made prisoners most of them severely wounded the remainder were slain The last scenes of the bloody tragedy are best told in Mr Mounsey's own words Saigo was among the first to fall wounded by a bullet in the thigh Thereupon Hemmi Jiuroda one of his lieutenants performed what samurai consider a friendly office At one blow of his keen heavy sword he severed his chief's head from his shoulders in order to spare him the disgrace of falling alive into his enemy's hands He then committed harakiri The hero's head was buried but subsequently discovered by a coolie Around Saigo fell one hundred of the principal samurai of the Satsuma clan who had sought to protect their chief to the last and refused to survive him The head disfigured and ghastly clotted with blood and earth was brought the next day to Admiral 1877 Kawamura who reverently washed the head with his own hands as a mark of respect for his former friend and companion in arms during the war of the Restoration The grave of Saigo is visited adds Mr Mounsey by thousands who come to offer up their prayers at the tomb of the hero around whose martial figure a host of traditions have already collected The popular belief is that the spirit of the great general has taken up its abode in the planet Mars and that his figure may be seen when this star is in the ascendant But the spirits of his followers have not according to the popular belief soared so high for the people say that a new race of frogs has appeared in Kiushiu that the spirits of the dead rebels have animated this race and so imbued it with their own courageous nature that the frogs attack man whenever they see him and never desist from their attacks

A Life of Sir Harry Parkes Robert Morton, 2025-10-01 Harry Parkes was at the heart of Britain's relations with the Far East from the start of his working life at fourteen to his death at fifty seven. Orphaned at the age of five, he went to China on his own as a child and worked his way to the top. God-fearing and fearless, he believed his mission was to bring trade and civilisation to East Asia. In his day, he was seen as both a hero and a monster and is still bitterly resented in China for his part in the country's humiliations at Western hands, but largely esteemed in Japan for helping it to industrialise. Morton's new biography, the first in over thirty years, and benefiting in part from access to the Parkes family and archives, offers a more intimate and informed profile of the personal and professional life of a Victorian titan and one of Britain's most undiplomatic diplomats in the history of the British Civil Service.
