## **Skeptical Engagements:**

*Skeptical Engagements* Frederick C. Crews, 1986 Eleven years ago in *Out of My System* the noted critic Frederick Crews served notice that his Freudian sympathies were being eroded In his new book Crews shows where that reappraisal took him and why he has come to regard himself as an opponent of all self validating doctrines The essays collected here are linked by a theme Crews came to understand through trial and error The fear of facing the world including its works of literature without an intellectual narcotic at hand Crews himself a former Freudian takes on a host of academic critics and theorists and he does so with vigor and in bitingly effective lucid prose Booklist The author is provocative about writers from Philip Roth to Erik Erikson and in the process gives us a clear picture of intellectual life warts and all Kirkus Reviews **Against Freud** Todd Dufresne, 2007 *Against Freud* is a highly accessible informative and entertaining examination of Freud's controversial ideas and legacy by the world's most knowledgeable critics of psychoanalysis **Freudians and Schadenfreudians** Jeffrey Berman, 2024-08-22 Sigmund Freud can be a polarizing figure beloved by many and despised by some Focusing on eight key writers and scholars who either passionately loved or gleefully loathed Freud this book represents Freud's wide legacy the reach of his ideas their controversies and their ability still to provoke inspire confound outrage and compel The book begins by focusing on four highly prolific authors whose admiration for Freud is boundless Lionel Trilling Harold Bloom Kurt R Eissler and Peter Gay Berman then explores four more writers whose aim was not simply to debunk Freud and destroy his monstrous creation but to cast both into hell D H Lawrence Vladimir Nabokov Thomas Szasz and Frederick Crews Each chapter discusses the author's involvement with Freud exploring the continuities and discontinuities of his or her writings as well as offering snapshots of the writers suggesting how their personal and professional lives were inextricably related Berman draws out some surprising commonalities between the Freudolaters and Schadenfreudians going on to discuss the current state of psychoanalysis and the psychoanalytic credos by which contemporary analysts live *Degenerate Moderns* E. Michael Jones, 1993 In this groundbreaking new book Jones shows how some of the major determining leaders in modern thought and culture have rationalized their own immoral behavior and projected it onto a universal canvas The main thesis of this book is that in the intellectual life there are only two ultimate alternatives either the thinker conforms desire to truth or he conforms truth to desire In the last one hundred years the western cultural elite embarked upon a project which entailed the reversal of the values of the intellectual life so that truth would be subjected to desire as the final criterion of intellectual value In looking at recent biographies of such major moderns as Freud Kinsey Keynes Margaret Mead Picasso and others there is a remarkable similarity between their lives and thought After becoming involved in sexual license early on they invariably chose an ideology or art form which subordinated reality to the exigencies of their sexual misbehavior **The Skeptical Inquirer**, 1986 *Evolution and Literary Theory* Joseph Carroll, 1995 Over the past two decades poststructuralism in its myriad forms has come to dominate literary criticism

to the exclusion of virtually any other point of view Few scholars have escaped the coercive authority of its programmatic radicalism In *Evolution and Literary Theory* Joseph Carroll vigorously attacks the foundational principles of poststructuralism and offers in their stead a bold new theory that situates literary criticism within the matrix of evolutionary theory *The Johns Hopkins Guide to Literary Theory and Criticism* Michael Groden, Martin Kreiswirth, 1994 Contains over 200 alphabetically arranged entries on the major terms movements and critics associated with the field of literary theory and criticism *Norman N. Holland* Jeffrey Berman, 2021-03-11 Norman Holland was unquestionably the leading 20th century American psychoanalytic literary critic Long known as the Dean of American psychoanalytic literary critics Holland produced an enormous body of scholarship that appeals to both neophytes in the field and advanced researchers many of whom have been influenced by his writings Holland was one of the first proponents of reader response criticism the theorist of readers identity themes and the author of fifteen books that have become classics in the field Jeffrey Berman analyzes all of Holland's books and many of his 250 scholarly articles highlighting continuities and discontinuities in the critic's thinking over time A controversial if not polarizing figure Holland is discussed in relation to his closest colleagues including Murray Schwartz Bernard Paris and Leslie Fiedler as well as his fiercest critics among them Frederick Crews David Bleich and Jonathan Culler creating a dynamic and personal portrait Insofar as this text illuminates the evolving mind of a premier literary critic it produces a parallel profile of the American reader the primary object of Holland's extensive work *Success Magazine*, 1926 *The World & I*, 1987 **Novelists in Their Youth** John Halperin, 1990 An unrepentant enthusiast for the art of literary biography Halperin not only believes that the author's life and work are inextricably linked but that the themes obsessions and ideas that characterize his or her output are formed during and can be traced back to the writer's formative years *Allegorical Fantasy and the Chorus in Sophocles' Oedipus Coloneus* Roger Matthew Travis, 1996 **Canadian Review of Comparative Literature**, 1997 文学研究, 1999 A quarterly of comparative studies of Chinese and foreign literatures **The American Scholar** William Allison Shimer, 1984 *Blake*, 1993 An illustrated quarterly **Helios**, 1991 *Meanjin*, 1991 Meanjin is a quarterly literary journal publishing the best new writing from established voices and emerging talents For over 70 years Meanjin has articulated questions of national importance questions of art culture policy and identity as well as introducing some of the greatest literary names Australia has ever produced **The African Book Publishing Record**, 1987 *Tenured Radicals, Revised* Roger Kimball, 1998-05 Since *Tenured Radicals* first appeared in 1990 it has achieved the status of a minor classic Trenchant and witty it lays bare the sham of what now passes for serious teaching and research in the humanities at American universities Mr Kimball names his enemies precisely This book will breed fistfights Roger Rosenblatt New York Times Book Review All persons serious about education should see it Allan Bloom author of *The Closing of the American Mind*
