Chumley, 2025-01-14 In America either rights come from God or they don't This is the ultimate war and God Given or Bust tells how patriots can win American exceptionalism is rooted in the idea that individual rights come from God and government is only in place to preserve and protect those rights But America's losing sight of that concept America's turning into a country where the government grants rights and privileges to only those the government deems worthy and takes them from those it deems unworthy This is not how the Founding Fathers envisioned the nation this is not how the concept of inalienable rights coming from a Creator works Rather this is how Marxism communism and collectivism spread If we want a nation that's free for generations to come then we must reclaim the notion of God given and ditch the idea of government granted The only way to do that is for Americans of faith to rise up and inject biblical values and godly principles into government culture and society and put God once again at the center It's time to demand the God given or the great American experiment will come to an end
