Christopoulos, Michael Diercks, Eike Hinze, Marinella Linardos, Michael Šebek, 2024-01-22 Founded on the in depth discussion of sixteen clinical cases of psychoanalysis this book answers the question of what psychoanalysts do when they are practicing psychoanalysis The authors have collaborated with over a thousand colleagues worldwide to collect a unique dataset of everyday clinical sessions using a new workshop discussion method designed to reveal differences Faced with diversity and wanting to surface and understand it they had to evolve a new theoretical framework This framework covers different approaches to the analytic situation using the metaphors of cinema dramatic monologue theater and immersive theater different sources of data to infer unconscious content differences in the troubles patients unconsciously experience and how to approach them and differences in when about what and how a psychoanalyst should talk Taking the form of eleven very practical questions for psychoanalysts to ask of each session they conduct the framework helps experienced psychoanalysts and students alike determine their intention and independently assess their progress A final chapter applies the new framework and practical questions to contemporary technical controversies with some surprising results *Public Papers of the Presidents of the United States* United States.
