Unique Learning System Middle:

Teaching Middle Years Donna Pendergast, Katherine Main, Nan Bahr, 2024-11-15 *Teaching Middle Years* has established itself as the leading text to focus on the adolescent years of schooling. Recognition of the educational importance of this age group continues to grow as research reveals the benefits of programs designed especially for young people's needs. With a renewed approach, this fourth edition includes new chapters on Indigenous Knowledges, STEAM education, and sustainable practices. A trusted resource, the book continues to provide a systematic overview of the philosophy, principles, and key issues in middle schooling, together with an enhanced focus on the emotional and developmental challenges unique to this age group. There is an emphasis on creating positive learning environments, engaging relational pedagogies, achieving effective transition, the importance of physical activity and health in adolescence, and developing cooperative and collaborative learning. Further, there is an enhanced focus on practical applications right throughout the book. Featuring contributions from leading experts in the field and fully revised and updated to reflect the latest research, *Teaching Middle Years* will assist both pre-service and in-service teachers to bring out the very best in their students.

Handbook of Research on Critical Issues in Special Education for School Rehabilitation Practices Singh, Ajay, Yeh, Chia Jung, Blanchard, Sheresa, Anunciação, Luis, 2021-04-23 Rehabilitation professionals working with students with disabilities and the families of those students face unique challenges in providing inclusive services to special education student populations. There needs to be a focus on adaptive teaching methods that provide quality experience for students with varying disabilities to promote student success and inclusivity. Critical issues within these practices span autism, diverse students, gifted education, learning disabilities, behavioral and emotional disorders, and more. With having many different types of students with vastly different situations, it is important for rehabilitation professionals to understand the best practices and learning systems for special education students who have a wide range of needs and challenges. *The Handbook of Research on Critical Issues in Special Education for School Rehabilitation Practices* focuses on the issues and challenges rehabilitation professionals face in special education and how they can provide inclusive and effective services to diverse student populations. This book highlights topics such as culturally responsive teacher preparation, artificial intelligence in the classroom, universal design, inclusive development, and school rehabilitation, and explores the effects these newfound practices in education have on various types of students with disabilities. This book is essential for special education teachers, administrators, counselors, practitioners, researchers, academicians, and students interested in the new methods, theories, and solutions for the best practices in inclusive and effective special education.
