Death at the Door Olivia Blacke, 2025-10-21 The odd couple of crime solving returns in Olivia Blacke's Death at the Door where a ghost and her living roommate find another mystery on their doorstep Ruby Young is slowly adjusting to her new life in Boston A big part of that is her unexpected roommate the ghost of the woman who lived there before For Cordelia Graves she may no longer be breathing but it's still her apartment and Ruby is the somewhat unwanted houseguest They're both happy they've managed to become friends which is a miracle considering they struggle to communicate with each other Cordelia even set Ruby up

with her old job When Ruby discovers the body of a delivery guy at work the new life she's been building hangs in the balance The last time Cordelia dragged Ruby into a murder investigation it was almost two ghosts living in the apartment not one Determined to protect Ruby Cordelia tries to shield her from the investigation but Ruby has other ideas It will take both of them working together to navigate the fine line between the dead and the living to bring a killer to light *Fintech Wars* James da Costa,2024-10-03 Fintech touches every part of our lives from cashless economies to crypto and even our climate This book draws back the curtain on this fascinating world full of friction failure and fortune Fintech Wars delves into one of the world's most lucrative and fast growing sectors Witness the bold strategies groundbreaking innovations and relentless drive that propelled fintech unicorns like PayPal Nubank and Monzo to transform the world Featuring interviews with generational founders including Reid Hoffman LinkedIn Nigel Morris Capital One and Martha Lane Fox Lastminute.com the narrators of this book have built companies that represent over one trillion dollars in market capitalization As the founder of a digital bank James da Costa is a fintech insider He draws upon his network and first hand experiences to offer a fascinating look into the intricacies and motivations behind building billion dollar disruptors Step into the fascinating unpredictable and inspiring world of fintech *The Almightier* Paul Vigna,2025-07-22 The complete story of how we came to worship money and how we can stop greed from destroying everything The pursuit of wealth is considered an essential function of human nature and greed is an unspoken civic virtue Many of us revere billionaires and Wall Street rain makers then complain about the system being rigged and wonder why the country doesn't seem to work for the little guy anymore Some blame the Deep State for income inequality and corruption and others blame capitalism but the truth is that these issues have much deeper roots our devotion to money is a manmade invention that has transformed over thousands of years to replace religion as the foundation of our society and it is tearing civilization apart In *The Almightier* journalist Paul Vigna uncovers the forgotten history of money tracing the uneasy and often accidental alliance between wealth and religion as it developed from ancient city states to today's secular world where religious devotion has receded and greed has stepped in to fill the void Through engaging anecdotes original research and fresh perspectives on the causes of the many challenges we face today Vigna makes a compelling argument that money has no power apart from the power we give it We can build a better future where we don't need to choose between helping others and getting ahead But we can't repair the damage that greed has done until we understand how it took over our world in the first place *Your Small Business Boom: Explosive Ideas to Grow Your Business, Make More Money, and Thrive in a Volatile World* Steven D.
