**We the People** Thomas E. Patterson, 2001-06      *Defending Same-Sex Marriage* Martin Dupuis, William A.

Thompson, Traci C. West, 2006-12-30 Today we find ourselves at a crossroads of two powerful unrelenting currents that are completely at odds with one another. The movement for legal recognition of same sex unions has gone beyond the separate but equal status of civil unions to demand equality in marriage for all couples. Progress is being made on many fronts: mayoral action, clergy officiating at same sex marriage and union ceremonies, state legislative responses and street protests to name a few. Meanwhile, opposition to same sex marriage has also been gathering strength. The struggle is sure to continue unabated for some time to come, pitting those who believe in the traditional definition of marriage as a union between a man and a woman and who seek to codify this belief in the U.S. Constitution against those who find the basis for marriage between two loving committed individuals not only in the history of our civil rights legislation and court decisions but also in scripture and sacred religious traditions. Those who believe in extending to same sex couples the 1,049 rights conferred by marriage as well as the supportive embrace of religious communities seek to strengthen the institution of marriage by making it inclusive and by passing laws and broadening doctrines to uphold marriage rights for all couples. This three volume set clarifies the legal, political, religious, cultural and social ramifications of same sex marriage for gay and lesbian couples and their families and friends and for the general public interested in the future of civil rights in the United States.      *Beyond the Boundaries*

Georgia A. Persons, 2017-09-29 In the past, African American aspirations for political office were assumed to be limited to areas with sizeable black population bases. By and large, black candidates have rarely been successful in statewide or national elections. This has been attributed to several factors: limited resources available to African American candidates or identification with a black liberationist ideological thrust. Other factors have been a relatively small and spatially concentrated primary support base of black voters and the persistent resistance of many white voters to support black candidates. For these reasons, the possibility of black candidates winning elections to national office was presumably just a dream. Conventional wisdom conceded a virtual cap on both the possible number of black elected officials and the level of elective office to which they could ascend. But objective political analysis has not always made sufficient allowances for the more universal phenomenon of individual political ambitions. The contributors to this volume explore the ways ambitious individuals identified and seized upon strategies that are expanding the boundaries of African American electoral politics. This volume is anchored by a symposium that focuses on new possibilities in African American politics. Both the electoral contests of 2006 and the Barack Obama presidential campaign represent an emergent dynamic in American electoral politics. Analysts are beginning to agree that the contours of social change now make the electoral successes of black candidates who are perceived as ideologically and culturally mainstream increasingly likely. The debate captured in this volume will likely inspire further scholarly inquiry into the changing nature and dimensions of the larger dynamic of race in American politics.

and the subsequent changing political fortunes of African American candidates      Defending Same-sex Marriage: The freedom-to-marry movement : education, advocacy, culture, and the media Mark Philip Strasser, Martin Dupuis, William A. Thompson, 2007 Places the struggle for marriage rights in the context of other American civil rights movements advocating legal and religious recognition of same sex marriage while educating the public about what gay marriage does and does not mean for the future of the institution of marriage      **We The People, Loose Leaf Edition, with Connect Access Card** Thomas Patterson, 2016-07-05      **LL We The People with Government in Action Access Card** Thomas Patterson, 2014-09-29      *American Book Publishing Record* , 2004      **LL We The People with Connect Access Card & Government in Action AC** Thomas Patterson, 2014-09-29 Connect is the only integrated learning system that empowers students by continuously adapting to deliver precisely what they need when they need it and how they need it so that your class time is more engaging and effective      **Rethinking California** Matthew Cahn, David Shafie, H.
