When All Else Fails When All Else Fails:

When All Else Fails Raven Wright,2020-07-20 Being in the midst of a chronic illness can be extremely difficult Raven Wright came to realize through a partial recovery and a relapse that the issue was not in fact physical Or it was not only physical She came to recognize that patterns of past trauma and abuse were also in need of healing It became clear that the magnitude of the physical pain and duress that she was in was in fact equal to the amount of emotional pain that she had been carrying around for a lifetime She finally understood that the key to physical healing for her was to heal the entire person The journey of physical emotional and spiritual is what may be missing if a physical recovery isn t happening At the time she was hitting a wall and declining in her healing She realized that she could not simply throw medicine at a broken heart She had to dig deeper There was not one aspect of life past or present that had not been addressed and overturned It was crucial to her recovery And because she turned this into an opportunity for healing her life became more fulfilling and happy than she could have ever imagined
