The Mammoth Book of Time Travel SF Mike Ashley, 2013-07-04 This thought provoking collection not only takes us into the past and the future but also explores what might happen if we attempt to manipulate time to our own advantage These stories show what happens once you start to meddle with time and the paradoxes that might arise It also raises questions about whether we understand time and how we perceive it Once we move outside the present day can we ever return or do we move into an alternate world What happens if
