Where The World Ends:

Where the World Ends Geraldine McCaughrean, 2018 Winner of the CILIP Carnegie Medal 2018 Winner of the CILIP Carnegie Medal Every summer Quill and his friends are put ashore on a remote sea stack to hunt birds But this summer no one arrives to take them home Surely nothing but the end of the world can explain why they've been abandoned cold starving and clinging to life in the grip of a murderous ocean How will they survive Brilliant beautiful as unpredictable as the sea itself Philip Reeve author of *The Mortal Engines* This is the best book I've read this year Extraordinary Kiran Millwood Hargrave author of *The Girl of Ink and Stars*

The End of the World Marcia Sa Cavalcante Schuback, Susanna Lindberg, 2017-03-29 The end of the world opens up philosophical questions concerning the very notion of the world which is a fundamental element of all existential phenomenological and hermeneutical philosophy Is the end of the world for us somebody's death the end of being in the world or the extinction of many or of all the end of the world itself Is the erosion of the world a phenomenon that does not in fact affect the notion of the world as a fundamental feature of all existential ontological inquiry This volume examines the present state of these concerns in philosophy film and literature It presents a philosophical hermeneutics of the present state of the world and explores the principal questions of the philosophical accounts of the end of the world such as finality and finitude It also shows how literature and cinema have ventured to express the end of the world while asking if a consequent expression of the end of the world is also an end of its expression
