## Cyber Monday Latest Tutorial:

**Illegal Literature** David S. Roh, 2015-12-31 What is the cultural value of illegal works that violate the copyrights of popular fiction? Why do they persist despite clear and stringent intellectual property laws? Drawing on the disciplines of new media law and literary studies, *Illegal Literature* suggests that extralegal works such as fan fiction are critical to a system that spurs the evolution of culture. Reconsidering voices relegated to the cultural periphery, David S. Roh shows how infrastructure in the form of legal policy and network distribution slows or accelerates the rate of change. He analyzes the relationship between intellectual property rights and American literature in two recent copyright disputes. And in comparing American fan fiction and Japanese *dojinshi*, he illustrates how infrastructure and legal climates detract from or encourage fledgling creativity. *Illegal Literature* fills a crucial gap between the scholarly and the popular by closely examining several modes of marginalized cultural production. Roh makes the case for protecting an environment conducive to literary heresy, the articulation of an accretive rather than solitary authorial genius, and the idea that letting go rather than holding on is important to a generative creative process. In a media ecology inundated by unauthorized materials, *Illegal Literature* argues that the proliferation of unsanctioned texts may actually benefit literary and cultural development.

*The Social Media Income Playbook 2026* N&N Digitals, 2025-11-11 Turn your followers into income with proven strategies that work in 2026. The Social Media Income Playbook 2026 is your ultimate guide to building a personal brand, growing engaged audiences, and monetizing your presence across major platforms like Instagram, YouTube, TikTok, X, and LinkedIn. Whether you're a creator, influencer, or entrepreneur, this playbook gives you a complete step-by-step system to transform content into cash flow and influence into income. Inside, you'll learn how to build an audience that buys, not just follows. Choose your most profitable niche and platform strategy, master growth frameworks for Reels, Shorts, and TikToks, monetize with sponsorships, affiliates, and digital products, build memberships, courses, and recurring revenue. Automate your business for sustainable growth. Based on real data from the 250B creator economy, this book reveals the exact tools, templates, and strategies used by top creators and social entrepreneurs. Keywords: integrated social media income, creator economy, influencer marketing, digital entrepreneurship, affiliate marketing, brand deals, content monetization, online business, passive income, and personal branding. Stop chasing likes and start building a business. Learn how to grow, monetize, and scale your online presence the right way in 2026.

*Electronic Commerce 2018* Efraim Turban, Jon Outland, David King, Jae Kyu Lee, Ting-Peng Liang, Deborrah C. Turban, 2017-10-12 This new edition of *Electronic Commerce* is a complete update of the leading graduate level advanced undergraduate level textbook on the subject. *Electronic commerce* (EC) describes the manner in which transactions take place over electronic networks, mostly the Internet. It is the process of electronically buying and selling goods, services, and information. Certain EC applications such as buying and selling stocks and airline tickets online are reaching maturity, some even exceeding non-Internet trades. However, EC is not just about buying and selling; it also is about electronically

communicating collaborating and discovering information It is about e learning e government social networks and much more EC is having an impact on a significant portion of the world affecting businesses professions trade and of course people The most important developments in EC since 2014 are the continuous phenomenal growth of social networks especially Facebook LinkedIn and Instagram and the trend toward conducting EC with mobile devices Other major developments are the expansion of EC globally especially in China where you can find the world's largest EC company Much attention is lately being given to smart commerce and the use of AI based analytics and big data to enhance the field Finally some emerging EC business models are changing industries e.g. the shared economy models of Uber and Airbnb The 2018 9th edition brings forth the latest trends in e commerce including smart commerce social commerce social collaboration shared economy innovations and mobility
