**GenreReflecting** Diana Tixier Herald, Samuel Stavole-Carter, 2019-05-24 Librarians who work with readers will find this well loved guide to be a treasure trove of information. With descriptive annotations of thousands of genre titles mapped by genre and subgenre this is the readers advisor's go to reference. Next to author genre is the characteristic that readers use most to select reading material and the most trustworthy consideration for finding books readers will enjoy. With its detailed classification and pithy descriptions of titles this book gives users valuable insights into what makes genre fiction appeal to readers. It is an invaluable aid for helping readers find books that they will enjoy reading. Providing a handy roadmap to popular genre literature this guide helps librarians answer the perennial and often confounding question What can I read next? Herald and Stavole Carter briefly describe thousands of popular fiction titles classifying them into standard genres such as science fiction, fantasy, romance, historical fiction and mystery. Within each genre titles are broken down into more specific subgenres and themes. Detailed author, title and subject indexes provide further access. As in previous editions the focus of the guide is on recent releases and perennial reader favorites. In addition to covering new titles this edition focuses more narrowly on the core genres and includes basic readers advisory principles and techniques.

Clinehens, 2022-03-20 No matter your field of expertise every day you're presented with seemingly impossible challenges. **The Angry Child** Brett Novick,2019-09-17 Anger and violence have reached seemingly epidemic proportions within the fabric of our youth From school violence social media to growing oppositional and defiant behaviors within the home anger has

surfaced more and more in the lifestyles of our youth What are the answers Should the focus be more on parental enrichment skills or on social and emotional curriculum in school Perhaps greater monitoring of social media among our youth These questions in themselves only point to what is a systemic and increasingly complex problem A multifaceted approach is indeed needed to address this issue before it becomes even more intractable and leads to even greater anger and rage in our next generation
