**Modular Programming of Adaptive CAX Manufacturing Process Chains (E-Book)** Gunter Spöcker, 2016-11-07 The manufacturing industry is undergoing major changes due to current trends like mass customization and Industrie 4.0. However today's CAX systems and approaches are not suitable to handle adaptive CAX process chains. To overcome this situation and to close the gaps between the existing CAX environment and the requirements for the manufacturing of the future a modular approach based on extended function blocks is presented. The proposed approach is verified based on the use case of a worn out BLIR segment by using repair features. **Intelligent Robotics and Applications** YongAn

Keates, 2017-08-15 The urgent need to keep pace with the accelerating globalization of manufacturing in the 21st century has produced rapid advances in manufacturing research development and innovation. This book presents the proceedings of the 15th International Conference on Manufacturing Research ICMR 2017 which also incorporated the 32nd National Conference on Manufacturing Research NCMR and was held at the University of Greenwich London UK in September 2017. The conference brings together a broad community of researchers who share the common goal of developing and managing the technologies and operations key to sustaining the success of manufacturing businesses. The book is divided into 13 parts covering topics such as advanced manufacturing technologies including additive ultra precision and nano manufacturing manufacturing systems digital and cyber physical systems product design and development including lifecycle management and supply chain collaboration information and communication including innovation and knowledge management and manufacturing management including lean sustainable and cost engineering. With its comprehensive overview of current developments this book will be of interest to all those involved in manufacturing today. CME, 1984 **Siemens Review**
