Yarma Velázquez Vargas,2010-06-09 This study uses critical discourse analysis to conduct an examination of the reality television program Queer Eye The goal is to help understand the manner in which the representations of queer culture in the show reinforce the binaries of sex gender and sexuality By investigating the evolution of Queer Eye this study provides insights into American popular culture's understanding and depiction of sexual difference and evidences the strong link between these representations and the commercial interests of the producers In the show Queer Eye the male guests sell access to their lives for a makeover and in the process they are indoctrinated into new patterns of consumption The identity of both the five main characters and the guest character is represented as a reflection of their aesthetic choices and audiences are exposed to numerous product placements and advertising messages In encouraging materialism the show transforms the term queer into a commodity sign and redefines masculinity as represented through wealth and accumulation Moreover consistent with the stereotypical representation of gay males in American culture the queerness of the Fab is depicted as asexual and a form of aestheticism **Sex Variants** George William Henry,1941 A massive exercise in well meaning psychoanalytic homophobia Jim Kepner **Democracy's Hope** Nashville (Tenn.).
