 Kuang Dao, Before going to college an ordinary high school student went to celebrate and got drunk When he woke up he
 found himself in a completely different world There was a big sect the approaching sect entrance examination a slum where
 his body s previous owner lived and a shared memory about a missing young girl When he got tangled in a fight with a few
 punks in this different world he fell off a cliff and miraculously found himself still alive with two more voices ringing inside
 his head They were Sword Master and Saber Master In the company of them he continued to find out more about this whole
 new world He took the sect entrance examination entered the sect met a strange man in black and even participated in a
 major competition of the sect to have a chance to win over his peers In this whole new world he was born again and got to

Warrior Narratives Delphine Red Shirt,2016 Published through the Recovering Languages and Literacies of the Americas
 initiative supported by the Andrew W Mellon Foundation The general focus in Lakota oral literary research has been on
 content rather than process within oral traditions In this groundbreaking study of the characteristics of Lakota oral style
 Delphine Red Shirt shows how its composition and structure are reflected in the work of George Sword who composed 245
 pages of text in the Lakota language using the English alphabet What emerges in Sword s Lakota narratives are the
 formulaic patterns inherent in the Lakota language that are used to tell the narratives as well as recurring themes and story
 patterns Red Shirt s primary conclusion is that this cadence originates from a distinctly Lakota oral tradition Red Shirt
 analyzes historical documents and original texts in Lakota to answer the question How is Lakota literature defined Her
 pioneering work uncovers the epistemological basis of this literature which can provide material for literary studies
 anthropological and traditional linguistics and translation studies Her analysis of Sword s texts discloses tools that can be
 used to determine whether the origin of any given narrative in Lakota tradition is oral thereby opening avenues for further
