*(Inter)Facing Death* Sam Han, 2019-10-16 In modern times death is understood to have undergone a transformation not unlike religion Whereas in the past it was out in the open it now resides mostly in specialized spaces of sequestration funeral homes hospitals and other medical facilities A mainstay in so called traditional societies in the form of ritual practices death was usually messy but meaningful with the questions of what happens to the dead or where they go lying at the heart of traditional culture and religion In modernity however we are said to have effectively sanitized it embalmed it and packaged it

but it seems that death is back In the current era marked by economic political and social uncertainty we see it on television on the Internet we see it almost everywhere Inter Facing Death analyzes the nexus of death and digital culture in the contemporary moment in the context of recent developments in social cultural and political theory It argues that death today can be thought of as interfaced that is mediated and expressed in various aspects of contemporary life rather than put to the side or overcome as many narratives of modernity have suggested Employing concepts from anthropology sociology media studies and communications Inter Facing Death examines diverse phenomena where death and digital culture meet including art online suicide pacts the mourning of celebrity deaths terrorist beheadings and selfies Providing new lines of thinking about one of the oldest questions facing the human and social sciences this book will appeal to scholars and students of social and political theory anthropology sociology and cultural and media studies with interests in death

**Cultures, Citizenship and Human Rights** Rosemarie Buikema,Antoine Buyse, Antonius C. G. M. Robben, 2019-11-19 In Cultures Citizenship and Human Rights the combined analytical efforts of the fields of human rights law conflict studies anthropology history media studies gender studies and critical race and postcolonial studies raise a comprehensive understanding of the discursive and visual mediation of migration and manifestations of belonging and citizenship More insight into the convergence but also the tensions between the cultural and the legal foundations of citizenship has proven to be vital to the understanding of societies past and present especially to assess processes of inclusion and exclusion Citizenship is more than a collection of rights and privileges held by the individual members of a state but involves cultural and historical interpretations legal contestation and regulation as well as an active engagement with national regional and local state and other institutions about the boundaries of those implicitly gendered and raced rights and privileges Highlighting and assessing the transformations of what citizenship entails today is crucially important to the future of Europe which both as an idea and as a practical project faces challenges that range from the crisis of legitimacy to the problems posed by mass migration Many of the issues addressed in this book however also play out in other parts of the world as several of the chapters reflect This book is available for free in PDF format as Open Access from the individual product page at [www.routledge.com](http://www.routledge.com) They have been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license

Weiwei ismes est un manifeste de défense des valeurs démocratiques autant qu'un outil de changement des consciences dans une société gouvernée par le pouvoir plutôt que par les hommes *Contemporary German-Chinese Cultures in Dialogue* Haina Jin, Anna Stecher, Rebecca Ehrenwirth, 2023-05-16 This book provides a unique perspective on contemporary German and Chinese cultural encounters. Moving away from highlighting exchanges between the two countries in terms of colonial connections, religious influences and philosophical impacts, the book instead focuses on the vast array of modern cultural dialogues that have influenced both countries, especially in literature, theatre and film. The book discusses issues of translation, adaptation and reception to reveal a unique cultural relationship. The editors and contributors examine the existing programs and strategies for cultural interchange and analyse how these shape or have shaped intercultural dialogue and what kind of intercultural exchange is encouraged. This book is of interest to students and researchers of film and media studies, Sinophone studies, transnational studies, cultural studies and social and cultural anthropology.

*The Power of Sociology* Guðmundur Óðdsson, Jenny M. Stuber, James Michael Thomas, 2026-01-13 The Power of Sociology uses the study of social inequality as it relates to power as the heart of sociology as a vehicle to survey the field. Written explicitly from a cross-cultural and comparative perspective, it challenges students to see themselves as global citizens capable of affecting social change.

*Ai Weiwei, Spatial Matters* Weiwei Ai, Anthony Pins, 2014 This book draws on the full breadth of Ai Weiwei's architectural installation and activist work, including drawings and plans from a huge range of international projects, with particular emphasis on his use of space. Throughout the book, a wide selection of essays by leading critics and art historians, as well as interviews with the artist, draw out his central concerns.

*Jacket* *Ai Weiwei* Weiwei Ai, 2010 This exhibition is the eleventh commission in the Unilever Series, an annual art commission.

*Humanity* Ai Weiwei, 2018-04-24 Writings on human life and the refugee crisis by the most important political artist of our time. Ai Weiwei, born 1957, is widely known as an artist across media: sculpture, installation, photography, performance and architecture. He is also one of the world's most important artist-activists and a powerful documentary filmmaker. His work and art call attention to attacks on democracy and free speech, abuses of human rights and human displacement, often on an epic international scale. This collection of quotations demonstrates the range of Ai Weiwei's thinking on humanity and mass migration issues that have occupied him for decades. Selected from articles, interviews and conversations, Ai Weiwei's words speak to the profound urgency of the global refugee crisis, the resilience and vulnerability of the human condition and the role of art in providing a voice for the voiceless. Select quotations from the book.

This problem has such a long history, a human history. We are all refugees, somehow, somewhere, and at some moment. Allowing borders to determine your thinking is incompatible with the modern era. Art is about aesthetics, about morals, about our beliefs in humanity. Without that, there is simply no art. I don't care what all people think. My work belongs to the people who have no voice.

*Ai Weiwei: Yours Truly*, 2018-09-11 Renowned artist Ai Weiwei engaged nearly 900,000 visitors in a conversation about human rights with his art installation Large Ai Weiwei on Alcatraz. In one

participatory piece Yours Truly visitors sent 92 829 postcards to prisoners of conscience around the world This book delves into those postcards lasting impact Five former prisoners and their loved ones reflect on the experience of receiving hundreds of postcards while imprisoned Essays and a statement by Ai Weiwei contextualize this extraordinary project And photographs taken during the exhibition show visitors and the messages they wrote
