What She Wished Cautionary Tale:

What She Wished For Ellen Ekstrom, 2015-01-08 All Violet Ellison wanted was her hard work to pay off and maybe just one of her dreams to come true Little did she know it would happen the moment she found the chess piece on the sidewalk Who knew her Cinderella turn would put that knight on horseback in to play Be careful what you wish for **Why Do I Love These People?** Po Bronson, 2009-02-25 We all have an imaginary definition of a great family We imagine what it would be like to belong to such a family No fights over the holidays No getting on one another's nerves Respect for individual identity Mutual support without being intrusive So many people believe they are disqualified from having a better family experience primarily because they compare their own family with the mythic ideal and their reality falls short Is that a fair standard to judge against In the pages of **Why Do I Love These People** Po Bronson takes us on an extraordinary journey It begins on a river in Texas where a mother gets trapped underwater and has to bargain for her own life and that of her kids Then a father and his daughter return to their tiny rice growing village in China hoping to rekindle their love for each other inside the walls of his childhood home Next a son puts forth a riddle asking us to understand what his first experience of God has to do with his Mexican American mother Every step and every family on this journey is real Calling upon his gift for powerful nonfiction narrative and philosophical insight Bronson explores the incredibly complicated feelings that we have for our families Each chapter introduces us to two people a father and his son a daughter and her mother a wife and her husband and we come to know them as intimately as characters in a novel following the story of their relationship as they struggle resiliently through the kinds of hardships all families endure Some of the people manage to save their relationship while others find a better life only after letting the relationship go From their efforts the wisdom in this book emerges We are left feeling emotionally raw but grounded and better prepared to love through both hard times and good times In these twenty mesmerizing stories we discover what is essential and elemental to all families and in doing so slowly abolish the fantasies and fictions we have about those we fight to stay connected to In **Why Do I Love These People** Bronson shows us that we are united by our yearnings and aspirations Family is not our dividing line but our common ground **The Slavonic and East European Review**, 1928
