Where Corruption Lives:

Where Corruption Lives Gerald E. Caiden, O. P. Dwivedi, Joseph G. Jabbara, 2001 Political scholars from a range of countries describe how in some countries especially but not exclusively poor anything goes in the conduct of public business and governance whereas in the long established democracies good governance is actively sought They suggest ways to make them more like us c Book News Inc *Corruption in Latin America* David Arellano-Gault, 2019-09-05 In *Corruption in Latin America* the reader is presented with an alternative starting point for understanding corruption in this key region The author asserts that corruption is a stable and rational social and organizational mechanism Seen through this lens we can begin to understand why it persists and how to implement strategies to control corruption effectively Beginning with an in depth nuanced examination of the concept of corruption the author establishes the theoretical basis for viewing corruption as a social construct An analysis of the experiences of four countries in the region Argentina Brazil Guatemala and Mexico provides the reader with concrete data from which they can understand how and why these behaviors are reproduced validated and tolerated in everyday settings between governments and citizens governments and firms and firms and clients Once we see corruption as the socially sanctioned norm for getting business done we can begin to produce and propose effective solutions to reduce corruption in Latin America by designing and implementing instruments that transform this dynamic This rigorous and original approach will challenge the reader's assumptions about corruption and will appeal to students of corporate governance international business public management and business ethics

Research Companion to Corruption in Organizations Ronald J. Burke, Cary L. Cooper, 2009-01-01 This is a very timely book The coverage it gives to the topic is superb The individual organisational and institutional causes of corruption are laid out along with analyses of the choices that we all have to make to deal with its consequences In these times of increased scouting of corporate behaviour there is something to learn here for policy makers corporate leaders and researchers alike Paul Sparrow Lancaster University UK Ronald Burke and Cary Cooper have assembled the most comprehensive volume of work available today on the topic of organizational corruption However the volume is far reaching in more than just its content In addition to attracting some of the most widely read scholars in the area Burke and Cooper have found space for a number of bright new voices and thus insights as well This makes for a volume that is as vibrant and exciting as it is complete Scholars not only should read it they will enjoy doing so Marshall Schminke University of Central Florida US Corruption in organizations is creating an increasing number of victims and causing huge costs This timely book brings together international researchers who address the causes and consequences of corruption in organizations and the action needed to reduce levels of corruption worldwide Corruption is a worldwide problem and is likely to increase as a result of the current economic meltdown Specific attention is devoted to causes of corruption such as individual levels of moral development moral disengagement greed the routinisation of corruption and organizational factors such as conflicts of interest reward systems and organizational cultural values The

Companion suggests methods and examples to reduce levels of corruption that include education and training whistleblowing the increase of organizational controls through rules and structure and developing an ethical organizational culture

Academics and postgraduate students interested in both crime and corruption in organizations will warmly welcome the Companion Policymakers in government those involved in professional services such as accountants and lawyers as well as managers of any organization interested in conducting ethical business will find the Companion invaluable

The Struggle Against Corruption: A Comparative Study R. Johnson, 2004-11-26 Understanding and responding to corruption is a worldwide challenge This book offers a general overview of the nature pattern and differing perspectives on political and economic corruption Providing detail and depth the book examines and compares corruption in four countries the United States Israel Russia and India Each country chapter explores how corruption is defined and understood in that country and provides case material illustrating corrupt practice and responses to it The country chapters also cover whistleblowing activities their prevalence importance and impact A comparative analysis presents the most prominent factors contributing to a reduced level of corruption and the factors that lead to whistleblower success

Corruption in a Global Context Melchior Powell, Dina Wafa, Tim A. Mau, 2019-11-12 This book provides an important survey of the causes and current state of corruption across a range of nations and regions Delving into the diverse ways in which corruption is being combatted the book explores and describes efforts to inculcate principles of ethical conduct in citizens private sector actors and public sector personnel and institutions Corruption is a global condition that effects every type of government at every level and has bewitched scholars of governance from ancient times to the present day The book brings together chapters on a range of state and regional corruption experiences framing them in terms of efforts to enhance ethical conduct and achieve integrity in government practices and operations In addition the book addresses and analyses the theoretical and practical bases of ethics that form the background and historical precepts of efforts to create integrity in government practices and finally assesses recent international efforts to address corruption on an international scale This book will be perfect for researchers and upper level students of public administration comparative government international development criminal justice and corruption

The Integrity of Governance L. Huberts, 2014-06-30 In the first book of its kind Leo Huberts provides a critical synthesis of cutting edge research on public sector integrity exploring issues such as the definition and importance of public sector integrity the various methodological approaches to the field as well as considering the causes of for the violation of values associated with integrity

Doing Business in India Pawan S. Budhwar, Arup Varma, 2011 In response to the increasing interest in the growth and developments in the Indian economy and the dynamic nature of the rapidly changing Indian business environment this textbook is designed to provide a comprehensive guide to doing business in the
