text Sacred Mountain presents a unique picture of Mount Everest that will captivate Weintraub, 2000-12-15 Describes Mount Everest its weather its myths and legends and its dangers **Mount Everest** Aileen Weintraub, 2000-12-15 Describes Mount Everest its weather its myths and legends and its dangers **The Boy Who Conquered Everest** Jordan Romero with Katherine Blanc, 2010-07-01 Jordan Romero was a regular nine year old boy He loved BMX biking listening to music hanging out with his friends and family participating in school activities and studying nature and reptiles So why would he want to climb the world s tallest mountains What made him decide to try something so dangerous and difficult It all started when Jordan spotted a map of the famous Seven Summits the tallest mountains on Earth s seven continents including massive Mt Everest the tallest of all Jordan could not take his eyes off of that map his head was filled with thoughts of snow covered peaks jagged rocks billowing white clouds and deep blue skies Four years later Jordan stood and gazed down at those peaks and cloudy skies from the 29 035 foot summit of Mt Everest He had reached his goal to conquer the mightiest of mountains and inspire other kids to dream BIG How did he do it This is his story Faces of Everest H. P. S. Ahluwalia, 1978 Reaching the Summit of Mount Everest: The History of the Famous Expeditions Attempting to Climb the World's Tallest Mountain Charles River Charles River Editors, 2014-11-01 Includes pictures Covers the attempts to climb Everest from the 19th century to today Includes accounts written by George Mallory Edmund Hillary and more Includes a bibliography for further reading Because it s there George Mallory s alleged response to the question of why he wanted to scale Mount Everest While on top of Everest I looked across the valley towards the great peak Makalu and mentally worked out a route about how it could be climbed It showed me that even though I was standing on top of the world it wasn t the end of everything I was still looking beyond to other interesting challenges Sir Edmund Hillary People have been climbing as long as they ve existed and for those who relish the challenge nothing can top Mount Everest the tallest mountain on the planet at over 29 000 feet As Sir Edmund Hillary put it It is not the mountain we conquer but ourselves Elaborating on that he also asserted I think I mainly climb mountains because I get a great deal of enjoyment out of it I never attempt to analyze these things too thoroughly but I think that all mountaineers do get a great deal of satisfaction out of overcoming some challenge which they think is very difficult for them or which perhaps may be a little dangerous I think that the fact that something has a spice of danger about it can often add to its attraction and to its fascination Of course the sheer size of the mountain and its location in Asia all but precluded Westerners from even making such attempts before India became a colonial possession of the British Once that was accomplished however scientists and explorers were able to report back in depth about the Himalayas and the biggest giant of them all From that point forward the race was on for those who aspired to climb Mount Everest and several of these men have gone down in history not just for their accomplishments but for their controversies One of the earliest and most famous mountaineers to begin climbing Everest was George Mallory who made several expeditions in the early 1920s in an attempt to reach the summit While there is still a lingering debate over whether he actually succeeded in 1924 the goal of being the first documented individual to reach the peak continued until Sir

Edmund Hillary's ascent of Everest in 1953. Naturally even after that people have continued to take on one of the most extreme challenges the world has to offer. In fact climbing Mount Everest has become enough of a business that even those with no climbing experience can pay to make an attempt to summit with experienced guides. Given how treacherous the climb is this has been frequently criticized including by Hillary himself and as recently as April 2014 16 Sherpa guides were killed on the mountain by an avalanche but interest in Everest remains as high as ever. Reaching the Summit of Mount Everest The History of the Famous Expeditions Attempting to Climb the World's Tallest Mountain describes the mountain and the early attempts to reach the top before Hillary's successful climb. Along with pictures of important people, places and events you will learn about the Essex like never before in no time at all. [The Epic of Mount Everest](#) Sir Francis Younghusband, 2019-11-01

Mount Everest is the highest mountain in the world. The summit soars 29 035 feet / 8 850 meters in the air. [The Lost Explorer](#) Conrad Anker, David Roberts, 2013-08-22 In 1999 Conrad Anker found the body of George Mallory on Mount Everest casting an entirely new light on the mystery of the lost explorer. On 8 June 1924 George Leigh Mallory and Andrew Sandy Irvine were last seen climbing towards the summit of Everest. The clouds closed around them and they were lost to history leaving the world to wonder whether or not they actually reached the summit some 29 years before Edmund Hillary and Tenzing Norgay. On 1 May 1999 Conrad Anker one of the world's foremost mountaineers made the momentous discovery Mallory's body lying frozen into the scree at 27 000 feet on Everest's north face. Recounting this day the authors go on to assess the clues provided by the body its position and the possibility that Mallory had successfully climbed the Second Step a 90 foot sheer cliff that is the single hardest obstacle on the north face. A remarkable story of a charming and immensely able man told by an equally talented modern climber. [Mount Everest](#) Megan Lappi, 2007 Examines the largest mountain in the world.
