Introduction to Yoga  
This book is going to tell you a little bit about yoga I am not going to go very deeply in to the esoteric and traditional aspects of yoga because that knowledge is only gained through years of training by a wise and experienced guru but you are going to get to know more about this ancient tradition which has come down to benefit mankind down the ages  
What is Yoga  
Ask any health conscious person this question and he is going to inspect the ceiling thoughtfully and say something on the lines of ahhh umm Is not yoga made up of some exercise routines in which you lie down on a mat and twist your body into different shapes  
These exercises are to get rid of weight and will make sure that you keep fit fine and healthy  
When you nod and say Go on he is going to continue enthusiastically  
And then you are going to be chanting some mantras all the time that you are doing these exercises because that is the way it is done  
Hold it right there  
You are right that yoga is basically a set of exercises but let me explain about the idea of mantras and chanting  
This idea that you have to chant instant mantras in praise of the gods is perhaps the reason why so many people are not taking benefit of this ancient Eastern tradition  
That is because they consider this to be religion area and civilization specific  
This is definitely not so  
An American friend once asked me if I practiced yoga being an Indian I nodded and she replied a bit bewildered  
But you are not a Hindu  
So why would you want to practice yoga  
And then she shrugged her shoulders and said Well I guess it is just a passing phase  
this interest in yoga  
This was 20 years ago and for all those people out there who still are under the impression that yoga is a religion specific tradition let me tell you a little bit about this ancient traditional way of keeping healthy  
And I am glad to see that she has been proven wrong because Yoga is definitely not a fad  
It is not here today gone tomorrow  
More and more people in the West and also all over the world are getting interested in this natural way of keeping healthy and physically emotionally spiritually and mentally fit  
Yoga has been around for more than 5000 years  
It has been practiced in Asia in different ways and under different names with one goal achievement of spiritual harmony and physical well being  
The Chinese have their own version of yoga Taichi and Taijiquan which includes mental and physical exercises including meditation  
So have plenty of old

Eastern civilizations down the ages Yoga is a state of mind it is also the art of living in which the mind body and spirit work in tandem to achieve the state of mental physical and emotional harmony And if that is too philosophical for you you can consider yoga to be a system in which you are getting in touch with your mind body and spirit in a really positive manner

*Beginner Yoga Books: Simple Yoga Poses For Beginners + Yoga For Beginners Guide With Basic Yoga Poses For Beginners + Zen Is Like You: Meditation Prayer & Meditation Affirmations (for Yoga Journal & Yoga Notebook)* Juliana Baldec, 2014-04-20
