

A movie poster for 'Close Encounters of the Third Kind'. The top half shows a large, circular UFO with a cityscape inside, glowing with red and blue lights, hovering in a starry night sky. A bright white beam of light shines down from the UFO onto a desert landscape. In the foreground, a road with white dashed lines splits into two paths that lead towards the horizon. The title 'CLOSE ENCOUNTERS OF THE THIRD KIND' is written in a stylized, metallic, blue font at the bottom.

Steven Spielberg's Children Linda Ruth Williams, 2025-08-12 Why has Steven Spielberg's work been so often identified with childhood and children How does the director elicit such complex performances from his young actors Steven Spielberg's Children is the first book to investigate children childhood and Spielberg's employment of child actors together and in depth Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as E.T. The Extra Terrestrial A.I. Artificial Intelligence and Empire of the Sun as well as less discussed roles in films such as War of the Worlds The BFG and Jurassic Park this book shows children to be key players in the director's articulation of childhood since the 1970s Steven Spielberg's Children presents children and childhood in some surprising ways not only analyzing boyhood and girlhood according to Spielberg but considering children as alien adult children who refuse to grow up and children who aren't even human It discusses the way in which children have served to cast Spielberg as a sentimentalist but also how they are more frequently framed as complex cruel and canny The child might be dangled as bait in an exploitation horror scenario Jaws might become the image of universal higher beings Close Encounters of the Third Kind or might be a young cultural creator like the director was himself The Fabelmans born with a camera glued to his eye The child on both sides of the camera is a resonant image signifying all that adult culture wants it to be yet resisting this through authorship of their own stories The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema and how Spielberg's children have fared as performers and celebrities

Close Encounters with Twenty Israeli Writers Eilat Negev, 2003 This collection of biographies is the first of its kind as Israeli literature is almost devoid of author biographies They are arranged chronologically and cover a hundred years of Israeli literature the change of style and subject matter hints at the demographical and historical transformations that have occurred during this span of time The profiles are based on interviews carried out with all the living writers or in the case of deceased ones with family members biographers and researchers In the early days of the State Jaffa oranges were the pride export of Israel and then came diamonds and nowadays it is books Israelis are going through dramatic turbulent events experiencing an existential social and religious crisis This intense life means that Israelis occupy several layers of existence which create many kinds of personal experiences that writers in other countries seldom experience Thus a reading of the writers profiles offers a different way of viewing Israel since each writer has taken a part in events outside his or her own personal scope All this becomes their subject

matter and Israel writing provides a wide panorama not just of literature but also of Israeli life The Complete Spielberg Ian Freer, 2001 This book offers a comprehensive examination of Spielberg's work to date from his 18 feature films to his unrealised projects his amateur and TV output to his experiences as a producer even his little known forays into acting are covered
