conundrum probably more often than you'd like. Instead of resorting to frozen meals from the grocery store that are unhealthy and full of empty calories, why not prepare a few meals at the beginning of the week or month for those times when you don't have a moment to make an elaborate dinner. They'll taste just as good as fresh and they'll be healthier for you than takeout. Just take one day on a free weekend or prepare double of a meal when you make one so that you can freeze half for later. You don't need to be a freezing genie in order to make these meals. Most of them are frozen fully assembled and simply need to be popped into the oven for a few minutes in order to heat or cook them through and then they're ready. A few of them are even microwaveable for those days where you're really stressed for time. In this book, you'll find twenty-five recipes that include main dishes, breakfasts, soups, and stews, sides, and even casseroles.
