James Robinson

The Green Lantern Archives Vol 7:

American Comics Jeremy Dauber, 2021-11-16 The sweeping story of cartoons comic strips and graphic novels and their hold on the American imagination Comics have conquered America From our multiplexes where Marvel and DC movies reign supreme to our television screens where comics based shows like The Walking Dead have become among the most popular in cable history to convention halls best seller lists Pulitzer Prize winning titles and MacArthur Fellowship recipients comics shape American culture in ways high and low superficial and deeply profound In American Comics Columbia professor Jeremy Dauber takes readers through their incredible but little known history starting with the Civil War and cartoonist Thomas Nast creator of the lasting and iconic images of Uncle Sam and Santa Claus the golden age of newspaper comic strips and the first great superhero boom the moral panic of the Eisenhower era the Marvel Comics revolution and the underground comix movement of the 1960s and 70s and finally into the twenty first century taking in the grim and gritty Dark Knights and Watchmen alongside the brilliant rise of the graphic novel by acclaimed practitioners like Art Spiegelman and Alison Bechdel Dauber s story shows not only how comics have changed over the decades but how American politics and culture have changed them Throughout he describes the origins of beloved comics champions neglected masterpieces and argues that we can understand how America sees itself through whose stories comics tell Striking and revelatory American Comics is a rich chronicle of the last 150 years of American history through the lens of its comic strips political cartoons superheroes graphic novels and more FEATURING American Splendor Archie The Avengers Kyle Baker Batman C C Beck Black Panther Captain America Roz Chast Walt Disney Will Eisner Neil Gaiman Bill Gaines Bill Griffith Harley Quinn Jack Kirby Denis Kitchen Krazy Kat Harvey Kurtzman Stan Lee Little Orphan Annie Maus Frank Miller Alan Moore Mutt and Jeff Gary Panter Peanuts Dav Pilkey Gail Simone Spider Man Superman Dick Tracy Wonder Wart Hog Wonder Woman The Yellow Kid Zap Comix AND MANY MORE OF YOUR FAVORITES Bandits, Misfits, and Superheroes Josef Benson, Doug Singen, 2022-03-08 Shortlisted Finalist for the 2023 Eisner Award for Best Academic Scholarly Work American comics from the start have reflected the white supremacist culture out of which they arose Superheroes and comic books in general are products of whiteness and both signal and hide its presence Even when comics creators and publishers sought to advance an antiracist agenda their attempts were often undermined by a lack of awareness of their own whiteness and the ideological baggage that goes along with it Even the most celebrated figures of the industry such as Jerry Siegel and Joe Shuster Jack Jackson William Gaines Stan Lee Robert Crumb Will Eisner and Frank Miller have not been able to distance themselves from the problematic racism embedded in their narratives despite their intentions or explanations Bandits Misfits and Superheroes Whiteness and Its Borderlands in American Comics and Graphic Novels provides a sober assessment of these creators and their role in perpetuating racism throughout the history of comics Josef Benson and Doug Singen identify how whiteness has been defined transformed and occasionally undermined over the course of eighty years in comics and in many genres

including westerns horror crime funny animal underground comix autobiography literary fiction and historical fiction This exciting and groundbreaking book assesses industry giants highlights some of the most important episodes in American comic book history and demonstrates how they relate to one another and form a larger pattern in unexpected and surprising ways
