Weather Tracker Backyard Meteorologists Logbook:

Weather Tracker Leslie A. Horvitz, 2007-03-01 Amateur meteorologists as well as everybody else who is interested in understanding the dynamics of weather will find what they're looking for in this meteorology primer and daily logbook. An expertly written text explains the fundamentals of meteorology to beginners and offers interesting pointers on weather prediction to more experienced weather watchers. It also lists the forecasting equipment that home meteorologists will need, including a barometer/thermometer and a simple device for measuring wind speed and direction. Readers will find explanations of the different cloud types, information on what kinds of weather they indicate, tips on measuring precipitation, instruction on reading a weather map, and advice on predicting thunderstorms and other weather phenomena. A 104-page logbook section, 52 two-page spreads, provides space for charting weather-related data for a full calendar year. *Weather Tracker* is printed in two colors and features more than 60 enlightening illustrations and diagrams. Its rubberized PCV cover with wrap-around flap and a snap to keep it closed will protect the pages against the elements when weather watchers take the book outdoors.

Weather Tracker, This is an essential buy for any amateur forecaster with a vital introduction to understanding our climate plus a fill-in logbook for charting all your daily observations and predictions.

Backyard Bird Tracker Rob Hume, 2007 back cover *Backyard Bird Tracker* is an essential tool for any amateur bird watcher in the Eastern U.S. Whether you're just getting started or want to build on your knowledge, this handbook tells you all you need to know to get the most out of bird watching. The basics of bird watching are explained, including when, where, and what to look for, and how to take accurate notes, make sketches, or take photographs. A fascinating introduction to the amazing world of birds includes facts on their anatomy, feathers, flight behavior, migration, and navigation. Expert advice for every budget describes the equipment for observing and identifying local birds. 50 of the most commonly seen Eastern U.S. birds are featured in a comprehensive species catalog. Chart your findings in the unique fill-in logbook. Author Rob Hume has worked for Britain's Royal Society for the Protection of Birds for over 30 years and edits the award-winning *Birds* magazine. He is a lifelong bird watcher and a highly respected writer, illustrator, and bird identification expert. Consultant editor Bette Jackson, Ph.D. is an Associate Professor of Biology at Florida Gulf Coast University. Dr. Jackson received her doctorate from Mississippi State University and has published numerous articles in professional and popular journals. Consultant editor Jerome A. Jackson, Ph.D. is a Professor of Biology and a former Whitaker Eminent Scholar in Science and Program Director of the Whitaker Center for Science, Mathematics, and Technology Education at Florida Gulf Coast University. He has served as editor for several professional publications: **The Marine Observer**, 1966; **Flying Magazine**, 1949-01; **The Marine Observer**. Published by the Authority of the Meteorological Committee, Air Ministry, London. **The Review of the Marine Division in Cooperation with Voluntary Marine Observers**, 1954. **Weather Log Book** PervesAi Publishing, 2021-03-10.
