

Dear Parents,

Welcome back!!! My name is _____ and I will be your child's Physical Education Teacher this year. I am very excited about providing enjoyable opportunities to be active in P.E. class.

Your child will have physical education once a week. Students must wear sneakers to P.E. This is for safety, comfort and full participation in class.

In physical education the expectations are: we come to learn, to try our best and be a great friend. By following these guidelines we will have positive, successful and productive physical education experiences.

Please feel free to contact me any time with questions or concerns at _____.

I look forward to a fun, safe and fit school year.

Sincerely,

Physical Education Teacher

Welcome Letter To Parents Physical Education:

Introduction to Physical Education, Fitness, and Sport Daryl Siedentop, Hans Van Der Mars, 2022-08-02 This revised text offers five new chapters and substantial updates throughout as it explores various careers in physical activity fields. Students learn about concepts, programs, and professions in physical education, fitness, sport, recreation, dance, and health education. They also learn about problems in those fields and how to provide solutions.

The Work of Award-winning Elementary Physical Education Teachers Donna Kay Palivec, 2005 *PE-4-ME* Cathie Summerford, 2000 Summerford describes her innovative school physical fitness and health program called PE 4 Me Radical Wellness Program implemented at her middle school in Apple Valley, California. The program combines movement, music, authentic assessment, thematic instruction, and brain-based learning into a physical education program. Several times the role of movement and health is emphasized as a way to help students become better learners in other areas. Summerford includes seat work and activity program sheets which support the program.

Balancing Reading and Language Learning Mary Cappellini, 2024-11-01 Teaching reading to children in a language that is not their own is a daunting task. Balancing Reading and Language Learning: A Resource for Teaching English Language Learners K-5 provides the strategies proven to be effective in a balanced reading program while at the same time valuing the native culture and first language skills of the English language learner. Combining the best classroom practices and research on teaching reading and language acquisition, author Mary Cappellini integrates effective reading instruction with effective language instruction. Through the framework of a balanced reading program, she emphasizes the importance of constantly listening for and assessing children's language and reading strategies during read-aloud, shared reading, guided reading, and independent reading, including literature circles. Included in this text are: How to set up an environment that will allow all English language learners to succeed; Stages of English language proficiency and stages of reading development; how they compare and how to use them to assess and plan for individual children; A focus on tapping into children's prior knowledge in their primary language while teaching reading in English and using Spanish/English cognates to help develop academic language; A collection of in-depth lessons and mini-lessons based on children's language proficiency and reading strategy needs with ongoing assessment, teacher reflection, and with an emphasis on choosing the right books to match their reading and language level; How to manage numerous guided reading groups with children of all stages of reading and language proficiency; Thematic planning with sample units for primary and upper grades to support academic language and meet content standards; Ideas for literacy evenings, school tours, and other events to involve parents with the learning community; Extensive resources, numerous forms and checklists, observation sheets, planning sheets, literature response sheets, focus sheets for shared and guided reading, and more. Regardless of how many or how few ELL students a teacher has, this invaluable resource helps them meet the challenges and reap the rewards of teaching children to read as they learn the
