Weapons In Space Open Media Series:

Star Wars Loring Wirbel, 2004-01-20 The expansion of space militarization forms a common thread with the explicit unilateral empire building of the Bush administration But just as Star Wars did not begin with the Missile Defense Agency preventive war theory did not originate with Donald Rumsfeld Advocates of military space always were on the front line of those demanding global dominance Loring Wirbel argues that the seeds for the current space supremacy doctrine were sown at the end of the Cold War in the early days of the Clinton administration Examining the evolution of space based tools Wirbel shows that missile defense strategy is part of a dangerous US move to wage endless preventive war and demand global supremacy over allies and adversaries alike Star Wars US Tools of Space Supremacy provides a fresh look at the role of space as an enabler of the Bush administration s plans for endless preventive war It debunks the benign notions of missile defence and expands the definition of space supremacy to include the unilateral misuse of space based intelligence communications and targeting technologies *Masters of War* Carl Boggs, 2013-10-11 Few United States citizens conceive of their country as an empire but as the contributors to *Masters of War* convincingly argue the U S legacy of military power runs long and deep Often mobilized in the name of spreading democracy maintaining international order and creating the conditions for economic self determination constantly expanding global U S military power is difficult to characterize as anything but an imperialism bent on global domination However at the same time that the U S government hawks rhetoric of human rights and national sovereignty its dominion has begun breeding widespread resistance and opposition likely to make the twenty first century an era marked by sustained and generally unanticipated blowback Presenting a wide range of essays by some of the anti war movement s most vocal and incisive critics *Masters of War* reminds us that worldwide economic and military dominance has its price both globally and domestically **American Book Publishing Record** ,2001 **The Nation** ,2000-04 **Z Magazine** ,2001 **Forthcoming Books** Rose Arny,2000 *Weapons in Space* Karl Grossman,2011-01-04 *Weapons in Space* examines how the United States is forcing forward in violation of international treaties to militarize space Based on excerpts from U S government documents award winning investigative journalist Karl Grossman outlines the U S military s space doctrine its similarity with the original Stars Wars scheme of Ronald Reagan and Edward Teller and the space based lasers hypervelocity guns and particle beams it plans to deploy in its mission to dominate earth Grossman shows the intimate link between the militarization and the nuclearization of space and follows the flow of billions of U S tax dollars to the corporations that research and develop weapons for space His book explains the Outer Space Treaty and gives a history of the Global Network Against Weapons and Nuclear power in Space what it is doing what it plans to do and what the reader can do to challenge U S plans to turn the heavens into a war zone **The Publishers Weekly** , **The British National Bibliography** Arthur James Wells,2005 *Zell's Popular Encyclopedia: Copt-H* Leo de Colange,1883 *CD-ROMs in Print* ,2003 **Science Abstracts** ,1993 **America and the World, 1984** William G.
