*Applications of Large Language Models (LLM) in Healthcare Systems* Azadeh Zamanifar, Miad Faezipour, Farhad Soleimani, Gharehchopogh, Amirfarhad Farhadi, 2025-11-11 This book offers a comprehensive exploration into the role of Large Language Models (LLMs) in modern healthcare. It focuses specifically on the lifecycle of LLM deployment in healthcare settings, including transparency, accountability, data privacy, and regulatory compliance to ensure safe and effective use. By bridging the gap between technical artificial intelligence (AI) development and clinical application, this book highlights the critical collaboration between clinicians and data scientists to create representative datasets and fine-tune models for clinical accuracy and interpretability. Real-world challenges such as mitigating bias, managing AI hallucinations, and safeguarding patient confidentiality are explored alongside strategies for continuous improvement and long-term impact assessment. Key features include case studies illustrating LLM applications in clinical decision support, medical imaging, patient communication, and administrative automation. In-depth discussion of data privacy, regulatory compliance, and ethical considerations in AI healthcare applications. Insights into overcoming challenges like bias, hallucinations, and interoperability with existing health information systems. How LLMs could revolutionize patient care in the future, including operational efficiency and personalized medicine. This book is an essential resource for clinicians, healthcare executives, technologists, data scientists, and students seeking to harness the power of LLMs to improve patient outcomes and streamline healthcare delivery.

*Guide for establishing and maintaining knowledge networks* World Health Organization, 2025-05-07 The purpose of this guide is to support public health practitioners and other relevant stakeholders in creating adaptable, effective, engaging, and sustainable knowledge networks that promote peer learning and knowledge exchange. By combining theoretical frameworks with practical tools, good practices, and concrete examples, this guide serves as a step-by-step resource for the establishment, launch, and management of knowledge networks, ensuring continuous learning and collaboration throughout the life cycle of the network. This guide was developed by the World Health Organization (WHO) in collaboration with individuals and institutions from each region with solid experiences in peer-to-peer learning and knowledge management tools and strategies. This work is a contribution of the WHO Health Emergencies Programme to the professionalization of the emergency workforce worldwide, as knowledge networks provide important channels for collaboration and learning among geographically dispersed teams who wish to strengthen their response to public health threats and outbreaks. **Microsoft**
