writing they are also essential to conversational English Because most of the Dolch sight words are already in children s verbal vocabularies learning to read them is simply a matter of connecting the print word to the oral version in their prior knowledge banks Parents and teachers should make explicit connections between the print version of a word and its sound Pointing to a word while repeating it is one way to do this Also adults should have children say the sight words to help them become actively involved in their learning This can be as simple as asking them to repeat a sight word while writing it or as involved as having the child search through a pile of sight words written on index cards or sentence strips to find a word that best completes a sentence you have written Teaching Sight Words Through RepetitionChildren do not learn new words by being exposed to them only once Repetition is key to sight word acquisition Young readers should be given opportunities to read and write a new sight word multiple times Repetitive reading of texts featuring certain sight words is one strategy for helping children commit these words to memory Also to practice spelling sight words parents and teachers can have children write and say aloud words several times When a child writes and says the word at least five times in a row she is more likely to commit it to memory To subtly help children mentally repeat sight words parents or teachers can create Dolch word walls As a new sight word is learned it is written in large print on a sentence strip or piece of paper and hung up on the wall in a location where the child is likely to see it often Not only will repetitive glancing at the word reinforce it in the child s memory it is also easily accessible for the parent or teacher to refer to when talking with the child about it Sight Words in ContextWhen children see words used in natural ways rather than in isolation they are more likely to remember them because they develop an understanding of the word s significance and meaning The ebook has 50 sight word phrases with lovely picturesWish your parents a happy fruitful time with their dear children [Sight Words Activity Book - Making Learning Fun, with a Little Help from the Elves!](#) Elf School Learning,2019-10-30 Adding a dasher of fun is a great way to help children learn to read Watch on as your little ones enjoy every minute of our fun sight word activity book for Kindergarten and upwards With a little help from the elves your child will get to practice over 50 essential sight words over 100 practice pages with many from the Dolch word list By learning to recognize these keywords on sight children will be able to understand most sentences much faster and easier whilst also improving their handwriting skills For each word there is a say trace write and finish the sentence section along with a fun activity We ve also included a cut paste section for each word because we know how much children love cutting out and gluing Plus why not try out our one sided cut out flash cards the ideal tool to help new readers whilst having fun as they get to know the word through repetition repeated exposure and practice Our aim is to introduce these sight words as a support to the reading books your child will be bringing home from school This book is suitable for children of all ages and learning abilities What are sight words Sight words are common words that appear very often in books and written text As they don t always follow English phonic rules sight words are designed to be identified at first sight and then memorized When children learn their sight words you will find their reading
