Ashley Alameda
Head of Marketing
Avanza, Inc.
3000 Hall Valley Drive
Omaha, NE 68142

Dear Ashley,

Two months ago, I hit a goal I never thought I'd reach. I pushed SEO traffic to 20 million monthly visitors. One year ago, traffic for our four sites—all of which I manage through a team of 12 employees—reached at just 4 million per month. Upper management challenged me to lead the team toward doubling our traffic. We hit that goal in just six months, exceeding every our sales revenue forecast in the process.

I know your main upcoming challenge will be to grow revenue from your new website. With over seven years experience in SEO and social media marketing, and no concern when it pertains to staying on the leading edge of tech, I'm confident I can repeat the growth I achieved with SEO as your new Digital Marketing Manager.

In my current position, I successfully lead creative strategy and internal development teams. Specifically, I have:

- Doubled LinkedIn Marketing ROI by 42%.
- Reduced Cost Per Lead by 30%.
- Raised Landing Page Conversion Rates by 15%.

What impresses me most about your online marketing strategy is that you've managed to create a self-reliant team aligned with two basic key metrics only: traffic and conversions. This perfectly reflects my core professional values.

I'm adept at reading Google and user search intent, then translating that to measurable returns. Can we schedule a call to discuss ideas for growing your revenue by 25% in 2019?

Thank you for your time. I look forward to hearing from you.

culture Opportunities for advancement **Internet, Phone, Mail, and Mixed-Mode Surveys** Don A. Dillman, Jolene D. Smyth, Leah Melani Christian, 2014-08-06 The classic survey design reference updated for the digital age For over two decades Dillman's classic text on survey design has aided both students and professionals in effectively planning and conducting mail, telephone and more recently Internet surveys. The new edition is thoroughly updated and revised and covers all aspects of survey research. It features expanded coverage of mobile phones, tablets and the use of do-it-yourself surveys and Dillman's unique Tailored Design Method is also thoroughly explained. This invaluable resource is crucial for any researcher seeking to increase response rates and obtain high quality feedback from survey questions. Consistent with current emphasis on the visual and aural, the new edition is complemented by copious examples within the text and accompanying website. This heavily revised Fourth Edition includes strategies and tactics for determining the needs of a given survey, how to design it and how to effectively administer it. How and when to use mail, telephone and Internet surveys to maximum advantage. Proven techniques to increase response rates. Guidance on how to obtain high quality feedback from mail, electronic and other self-administered surveys. Direction on how to construct effective questionnaires, including considerations of layout. The effects of sponsorship on the response rates of surveys. Use of capabilities provided by newly mass-used media. Interactivity, presentation of aural and visual stimuli. The Fourth Edition reintroduces the telephone, including coordinating land and mobile. Grounded in the best research, the book offers practical how-to guidelines and detailed examples for practitioners and students alike

How To Write Amazing Cover Letters

The Hyperink Team,2012-02-12 ABOUT THE BOOK If a resume is a window into your past work experience a cover letter is the tool you use to install it Cover letters were once just an after thought something most people used to simply regurgitate their resumes In fact it wasn t until the last decade that cover letters gained wide acceptance and importance Today not only is the cover letter just as important s a resume it can be the deciding factor in whether a hiring manager looks at your resume or throws it in the trash But how do you write the kind of amazing cover letter that will get you in the door How can you create a narrative of your professional experience that makes the HR person sit up and take notice The key is knowing how to present yourself It does not matter if you ve spent 30 years in the work force or are just entering it the fact remains that you need to learn to how convince someone else to interview you MEET THE AUTHOR The Hyperink Team works hard to bring you high quality engaging fun content If ever you have any questions about our products or suggestions for how we can make them better please don t hesitate to contact us Happy reading EXCERPT FROM THE BOOK You ve probably figured out a few mistakes to avoid already but you d probably be surprised at what many employers are turned off by when reading cover letters Lack of proofreading This is a no brainer but many people often miss them or don t bother to spell check before sending out the cover letter and resume It s always a good idea to ask a friend or family member to check your letter for

spelling errors and typos to give you a fresh perspective Not including the name of the hiring manager If you don t know who is going to read your cover letter and resume try to find out When in doubt call the company and ask who the person in charge of that department is so you can target your letter appropriately Not writing to an audience Focus each letter on each employer According to Career Builder 44 percent of executives polled said it s common for applicants to use their cover letters to show they ve learned more about the job Doing so can give you an edge against the competition Failing to sell yourself If you undersell your skills and qualifications you won t make an impression on the reader Don t just talk about your accomplishments give concrete examples Regurgitating the resume Cover letters weren t meant as a tool to repeat everything that s in your resume It s a tool to build on it and an opportunity to correlate your experience with the job you re applying for Include any training classes awards and recognition you ve received in the past that might give you an edge over the competition Buy a copy to keep reading

Mail and Internet Surveys Don A. Dillman,2011-01-31 A crucial resource for increasing response rates and obtaining high quality feedback from mail electronic and other surveys Don Dillman s Mail and Internet Surveys Second Edition has been the definitive guide for creating and conducting successful surveys using both traditional and new media channels Now this special 2007 Update of the classic text features major additions covering the latest developments in online survey design and administration Like its predecessor this resource lays out a complete start to finish guide for determining the needs of a given survey designing it and effectively administering it Drawing on social science statistics and proven best practices Dillman s text discusses surveys for a variety of purposes audiences and situations New and updated material covers both the principles behind and directions for how to Conduct Web surveys Visually design questionnaires Use paper mailed surveys As insightful and practical as its classic original Mail and Internet Surveys Second Edition 2007 Update is a crucial resource for any researcher seeking to increase response rates and obtain high quality feedback from mail electronic and other self administered surveys
