**Donald Winch, Patrick O'Brien, British
Academy**

The Modern British State An Historical Introduction:

The Modern British State Philip Harling, 2001-08-22 This book is an unprecedented synthesis of the literature on state development that explains how and why the contours of the British state have changed over the last three centuries Ranging in scope from the Glorious Revolution to New Labour it provides a fluent and comprehensive introduction to the changing shape and role of the British state Philip Harling's main theme is the dramatic broadening of the state's functions and its cost over the last three centuries and most noticeably over the last one As late as 1870 most Britons assumed that the only tasks that should be entrusted to the central government were issues such as the defence of the realm the maintenance of public order and the provision of basic amenities such as street lighting Today they assume that these tasks ought to extend and of course they do extend to the provision of education retirement benefits unemployment insurance health care and a host of other services Harling takes a number of historical factors into account in his assessment of the broadening trajectory of the state such as the enormous expansion of the state's traditional war making role over the eighteenth century the uneven development of new regulatory duties in the nineteenth century the impact of the two global wars of the twentieth century the growth of the postwar welfare state and the political reaction against it Engagingly written and persuasively argued *The Modern British State* should serve as a core text for a wide variety of courses in modern British history politics public policy and historical sociology

Legacies of British Slave-Ownership Catherine Hall, Nicholas Draper, Keith McClelland, Katie Donington, Rachel Lang, 2014-08-28 This book re-examines the relationship between Britain and colonial slavery in a crucial period in the birth of modern Britain Drawing on a comprehensive analysis of British slave owners and mortgagees who received compensation from the state for the end of slavery and tracing their trajectories in British life the volume explores the commercial political cultural social intellectual physical and imperial legacies of slave ownership It transcends conventional divisions in history writing to provide an integrated account of one powerful way in which Empire came home to Victorian Britain and to reassess narratives of West Indian decline It will be of value to scholars not only of British economic and social history but also of the histories of the Atlantic world of the Caribbean and of slavery as well as to those concerned with the evolution of ideas of race and difference and with the relationship between past and present

The Poverty of Planning Benno Engels, 2021-01-15 Using a neo-Marxian perspective Benno Engels examines the absence of urban planning in nineteenth century England In his analysis of urbanization in England Engels considers the influences of property owners inheritance laws local government structures fiscal crises of the local and central state shifts in voter sentiments fluctuating economic conditions and class based pressure group activity

The Primacy of Foreign Policy in British History, 1660-2000 William Mulligan, Brendan Simms, 2010-10-20 External challenges strategic threats and war have shaped the course of modern British history This volume examines how Britain mobilized to meet these challenges and how developments in the constitution state public sphere and economy were a response to foreign policy issues from the Restoration to the rise of New

Labour *Introduction to a Historical Geography of the British Colonies* Lucas,1887 **The Oxford Encyclopedia of the Modern World** Peter N. Stearns,2008 The Encyclopedia of the Modern World delves into the period from 1750 to the present providing special attention to social economic cultural and political topics applicable to the time The breadth of knowledge offered within this multivolume set is astounding with features spanning articles on countries regions and ethnic groups themes involving social history demography family life politics economics religion thought education science and technology and culture events such as major wars and extensive coverage of the United States Detailed articles cover not only the major facts but the interpretations as well and are written for readers who are not specialists in the particular area Enriched with over 800 halftones and 50 maps this reference work is essential for any scholar general reader collector or curator interested in this rich and varied time in history Through its fluent global coverage The Encyclopedia of Modern World provides information about and interpretation of major developments across particular regionsboth salient events and regional perspectives on common themes such as politics demography social class and gender Readers can explore topics that have global implications such as migration childhood and foods topics that can be viewed through a combination of global patterns and key comparisons Entries also shed light on standard geographic and ethnic units such as Scandinavia Korea or the Gypsies in the modern period The Encyclopedia presents unprecedented coverage of global processes and institutions themselves including the International Red Cross and the League of Nations Publisher **A Historical Geography of the British Colonies: pts. 1-3. History of Canada, pt. 4. History of Newfoundland** Sir Charles Prestwood Lucas,1908 *A Historical Geography of the British Colonies: pt. 1. Canada (New France)* Sir Charles Prestwood Lucas,1908 The Modern British State Halford John Mackinder,2015-02-19 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **The Political Economy of British Historical Experience, 1688-1914** Donald Winch,Patrick O'Brien,British Academy,2002 How did Britain emerge as a world power and later as the world s first industrial society What policies cultural practices and institutions were responsible for this outcome How were the inevitable disruptions to social and political life coped with This innovative volume illustrates the contribution of economic thinking

scientific official and popular to the public understanding of British economic experience over the period 1688 1914 Political economy has frequently served as the favourite mode of public discourse when analysing or justifying British economic policies performance and institutions These sixteen essays centering on the peculiarities of the British experience are grouped under five main themes foreign assessments of that experience land tenure empire and free trade fiscal and monetary regimes and the poor law and welfare This is a collaborative endeavour by historians with established reputations in their field which will appeal to all those interested in the current development of these branches of historical scholarship
