**Updating the Interpretive Turn** Michiel Meijer,2022-12-01 This book explores the meaning of the interpretive turn in the philosophy of the human sciences for a variety of contemporary philosophical debates While hermeneutics seems to be firmly established as a tradition and methodology in the human sciences interpretive philosophy seems to be under increasing pressure in recent philosophical trends such as the posthuman turn the nonhuman turn and the speculative turn Responding to this predicament this book shows how hermeneutics is gaining new force and fresh applications today by

bringing together a group of leading interpretive philosophers to address such timely topics as the entanglement of social science culture and politics in liberal capitalist societies the extremism with which some identities are held within those societies the possibility of genuine non relativist dialogue in a post truth era the nature of the strong moral judgments people tend to make in that era the significance of interpretation for understanding nonhuman life forms and the inherently hermeneutic dimension of such practices as work and productive action testimony and witnessing and measurement in scientific practice Updating the Interpretive Turn will be of interest to researchers working in critical social science social philosophy ethical theory environmental philosophy philosophy of work philosophy of testimony philosophy of measurement and philosophical hermeneutics itself   **Books of 1912-** ,1922   Syllabi for the Academic Years ...
