The Moral Arc:

The Moral Arc Michael Shermer, 2015-01-20 Bestselling author Michael Shermer's exploration of science and morality that demonstrates how the scientific way of thinking has made people and society as a whole more moral. From Galileo and Newton to Thomas Hobbes and Martin Luther King Jr, thinkers throughout history have consciously employed scientific techniques to better understand the non-physical world. The Age of Reason and the Enlightenment led theorists to apply scientific reasoning to the non-scientific disciplines of politics, economics, and moral philosophy. Instead of relying on the woodcuts of dissected bodies in old medical texts, physicians opened bodies themselves to see what was there instead of divining truth through the authority of an ancient holy book or philosophical treatise. People began to explore the book of nature for themselves through travel and exploration instead of the supernatural belief in the divine right of kings. People employed a natural belief in the right of democracy. In *The Moral Arc*, Shermer will explain how abstract reasoning, rationality, empiricism, skepticism, and scientific ways of thinking have profoundly changed the way we perceive morality and indeed move us ever closer to a more just world.

The Spiritual Power of Nonviolence George W. Wolfe, 2010-09-29 Religion and violence: the two concepts seem incompatible given the emphasis in religion on virtue, love, forgiveness, and compassion. Yet many scriptures contain martial images and stories of god-inspired military conquest. *The Spiritual Power of Nonviolence* confronts this theological contradiction, arguing that martial images and symbols found in religious texts are often meant to be interpreted as metaphors for an inner spiritual struggle and should never be used as a justification for war. The analysis is undertaken from an interfaith perspective that explains many of the paradoxical concepts found in theories of nonviolence. Professor Wolfe also presents a compelling case for the sustainability paradigm and for offering peace education and interreligious dialogue on a global scale. He probes the scriptures of the world, proving that nonviolence is a shared virtue and that the real enemy we must battle against and ultimately defeat is actually within us. An excellent introduction to spiritually based principled nonviolence, Professor Wolfe's blend of different wisdom traditions is especially useful. Dr Michael Nagler, Professor Emeritus, University of California at Berkeley. George Wolfe has put the blame for proliferating violence in the world where it belongs: on the crass interpretation of religion. A thought-provoking book. Arun Gandhi, President, Gandhi Institute for Nonviolence. Truly an enlightening book. Judy O'Bannon, Former First Lady of Indiana.

[The Reducetarian Solution](#) Brian Kateman, 2017-04-18 Brian Kateman coined the term Reducetarian, a person who is deliberately reducing his or her consumption of meat, and a global movement was born. In this book, Kateman, the founder of the Reducetarian Foundation, presents more than 70 original essays from influential thinkers on how the simple act of cutting 10% or more of the meat from one's diet can transform the life of the reader, animals, and the planet. This book features contributions from such luminaries as Seth Godin, Joel Fuhrman, Victoria Moran, Jeffrey Sachs, Bill McKibben, Naomi Oreskes, Peter Singer, and others. With over 40 vegan, vegetarian, and less meat recipes from bestselling cookbook author Pat Crocker, as well as tons of

Maness,2023-05-22 When Texas Prison Scams Religion exposes corruption in the Texas Department of Criminal Justice especially in the abuse of religion In many ways this book is a literature review of 1 800 plus works that defends freedom of conscience in prison while exposing the unconstitutionality of the seminary program that buys faith with

favor from prisoners The state veritably ordains the prisoner a Field Minister that represents the offices of the Governor TDCJ Director and wardens throughout the prison Therein TDCJ lies about neutrality in a program all about Christian missions and lies again in falsely certifying elementary Bible students as counselors Why is the director sponsoring psychopaths counseling psychopaths In fact TDCJ pays 314 million a year to UTMB for psychiatric care and receives not a single report of the care given and worse for UTMB generates no reports itself The underbelly TDCJ s executive culture of cover up is exposed TDCJ has hired the lowest qualified of the applicant pool many times in the last 25 years and regularly destroys statistics on violence TDCJ Dir Collier led the prison to model Louisiana Warden Burl Cain the most scandal ridden in penal history according to a host of published news stories for 20 years Therein Collier led TDCJ to favor the smallest segment of religious society within Evangelical Dominionism Texas has no business endorsing the truth of any religion over another We close with a proposal that utilizes the 400 000 000 hours of officer contact over ten years as a definitive influence in contrast to a commissioner that spends less than 10 minutes on each decision Maness has been lobbying Austin for 15 years to definitively access staff for his 100 000 Mothers 1% Certainty Parole Texas Constitutional Amendment which would revolutionize prison culture and save Texans millions of the dollars
