The Marine Corps Martial Arts Program MCMAP is a combat system developed by the United States Marine Corps to combine existing and new hand to hand and close quarters combat CQC techniques with morale and team building functions and instruction in the Warrior Ethos. The program which began in 2001 trains Marines and U S Navy personnel attached to Marine units in unarmed combat edged weapons weapons of opportunity and rifle and bayonet techniques. It also stresses mental and character development including the responsible use of force leadership and teamwork. The techniques used by MCMAP vary in degrees of lethality allowing the user to select the most appropriate usually the least amount of force. For example a Marine facing a nonviolent but noncompliant subject can use an unarmed restraint to force compliance with minimal damage and pain. A more aggressive subject could be met with a choke hold or a strike. Lethal force can be used on a subject as a last resort. The majority of techniques can be defensive or offensive in use with or without a weapon allowing Marines flexibility in
