Warfield, 2022-04-26 *Intermediate Accounting* by Donald Kieso, Jerry Weygandt, and Terry Warfield has always been and continues to be the gold standard. Throughout the course, students also work through various hands-on activities including Critical Thinking Cases, Excel Templates, and Analytics in Action problems all within the chapter context. These applications help students develop an accounting decision-making mindset and improve the professional judgement and communication skills needed to be successful in the profession.
