The Indigenous Fermented Foods of the Sudan Hamid A. Dirar, 1993 Recent decades have witnessed increased interest in the foods of Africa spurred on by the recurrent famines that have plagued the continent It is now recognized that helping people to use their own knowledge of indigenous foods and agriculture provides better prospects for long term sustainability than imposing solutions from outside Yet to date there has been little documented information about the foods that are utilized by the poor of Africa and particularly how these foods are preserved in a hostile environment for later use This book is a unique compilation of both the general literature on Africa s fermented foods and beverages and of original research conducted by the author in Sudan

Information was gathered from elderly rural women who traditionally hand down such knowledge from generation to generation With increased urbanization and dislocation of family structures there is a danger that such knowledge might otherwise be lost forever The various foods are considered in terms of their role in the struggle for survival and in the social fabric of rural Sudan as well as from the perspectives of nutrition and food microbiology The book is a major contribution to this literature of interest to all concerned with food science human nutrition and rural development Newsweek ,2009

The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is an exceptional and gripping novel that will keep you guessing until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
