**Improving University Reputation Through Academic Digital Branding** Del Pino, Ariana Daniela, Lloret Romero, Nuria, 2020-11-06 As higher education institutions adapt to an increasingly digital world it is imperative that they adopt technological techniques that allow them to establish a digital presence Academic e branding involves managing a university's brand and image to promote and build the reputation of the institution especially in regards to its student and faculty research and achievements Without a solid digital presence higher education institutions may struggle to remain competitive Improving University Reputation Through Academic Digital Branding is a critical scholarly publication that explores digital branding and its role in establishing the reputation of academic institutions and programs Featuring a range of topics including digital visibility social media and inclusive education this book is ideal for higher education boards brand managers university and college marketers researchers academicians practitioners administrators and students The New Leadership Agenda Martin Betts, 2022-12-23 This book results from interviews conducted with higher education leaders in Australia New Zealand Canada the US and the UK It gives the reader a deep and personal insight into what leaders faced in transforming their universities through the financial shocks changes in learning practice and returns to new ways of working accelerated by the upheaval of the COVID 19 pandemic The features of the book are a series of reflections about issues faced by leaders recorded analysed and reflected on at the time they happened These are combined in an overall theoretical framework also informed by other scholarly work in the field to allow the reader to understand what has happened to our universities and what they will and must do next For leaders staff students and employers the book will give an in depth context analysed into a simple agenda to frame future expectations of the changing world of higher education and its implications for leadership in this and other sectors **Routledge Handbook of Digital Media and Communication** Leah Lievrouw, Brian Loader, 2020-11-16 What are we to make of our digital social lives and the forces that shape it Should we feel fortunate to experience such networked connectivity Are we privileged to have access to unimaginable amounts of information Is it easier to work in a digital global economy Or is our privacy and freedom under threat from digital surveillance Our security and welfare being put at risk Our politics undermined by hidden algorithms and misinformation Written by a distinguished group of leading scholars from around the world the Routledge Handbook of Digital Media and Communication provides a comprehensive unique and multidisciplinary exploration of this rapidly growing and vibrant field of study The Handbook adopts a three part structural framework for understanding the sociocultural impact of digital media the artifacts or physical devices and systems that people use to communicate the communicative practices in which they engage to use those devices express themselves and share meaning and the organizational and institutional arrangements structures or formations that develop around those practices and artifacts Comprising a series of essay chapters on a wide range of topics this volume crystallizes current knowledge provides historical context and critically articulates the challenges

and implications of the emerging dominance of the network and normalization of digitally mediated relations Issues explored include the power of algorithms digital currency gaming culture surveillance social networking and connective mobilization More than a reference work this Handbook delivers a comprehensive authoritative overview of the state of new media scholarship and its most important future directions that will shape and animate current debates **College Rankings**

Luke Myers,Jonathan Robe,2009 Today college quality rankings in news magazines and guidebooks are a big business with tangible impacts on the operation of higher education institutions The college rankings published annually by U S News and World Report U S News are so influential that Don Hossler of Indiana University derisively claims that higher education is the victim of management by the magazine How did academic quality rankings of colleges and universities become so powerful in higher education A review of their historical development in the first section of this study may surprise many readers While college professors and administrators alike largely decry rankings today their origin lies in academia itself Begun as esoteric studies by lone professors college rankings development into the most popularly accepted assessment of academic quality was fueled by the very institutions of higher education they now judge While the purpose and design of academic quality rankings has evolved during the century since their creation their history teaches one clear lesson college rankings fill a strong consumer demand for information about institutional quality and as such are here to stay for the foreseeable future Various approaches to college rankings have different benefits and each is subject to legitimate criticism all of which should be seriously considered in light of the powerful effects that a widely distributed ranking can have on institutions of higher education and the students seeking to enter them Sections II and III will explore these aspects of college rankings respectively In light of the historical lessons revealed in Section I however movements that seek to reform college rankings should be focused on producing better rankings rather than on trying to eliminate or ignore them Section IV will survey multiple new indicators of academic quality that many view as potential improvements over the indicators upon which current college rankings are based Contains 2 figures 6 tables and 116 endnotes *College Rankings Exposed* Paul Boyer,2004 Argues that information about college ranking systems should be made available to students and parents
