## We The People The Story Of Our Constitution:

We the People Lynne Cheney, 2010-11-16 Now in paperback Lynne Cheney's New York Times bestselling illustrated history of how the Constitution came to be I am mortified beyond expression when I view the clouds which have spread over the brightest morn that ever dawned upon any country George Washington America had won the Revolution but our troubles were far from over The thirteen states were squabbling the country could not pay its bills and in Massachusetts farmers had taken up arms against the government Was our country which had fought so hard for its independence going to survive In May 1787 delegates from across the country including George Washington James Madison and Benjamin Franklin gathered in Philadelphia and meeting over the course of a sweltering summer created a new framework for governing the Constitution of the United States Their efforts turned a shaky alliance of states into a nation that would prosper and grow powerful drawing its strength for centuries to come from We the people and inspiring hope for freedom around the world Now in paperback for the first time this richly illustrated tale of a crucial point in our nation's history will enthrall readers young and old

**We the People** Jill Lepore, 2025-09-16 NEW YORK TIMES BESTSELLER Lepore's 15th book We the People a history of the U S Constitution may be her best yet a capacious work that lands at the right moment like a life buoy as our ship of state takes on water Hamilton Cain Los Angeles Times From the best selling author of These Truths comes We the People a stunning new history of the U S Constitution for a troubling new era The U S Constitution is among the oldest constitutions in the world but also one of the most difficult to amend Jill Lepore Harvard professor of history and law explains why in We the People the most original history of the Constitution in decades and an essential companion to her landmark history of the United States These Truths Published on the occasion of the 250th anniversary of the nation's founding the anniversary too of the first state constitutions We the People offers a wholly new history of the Constitution One of the Constitution's founding purposes was to prevent change Lepore writes Another was to allow for change without violence Relying on the extraordinary database she has assembled at the Amendments Project Lepore recounts centuries of attempts mostly by ordinary Americans to realize the promise of the Constitution Yet nearly all those efforts have failed Although nearly twelve thousand amendments have been introduced in Congress since 1789 and thousands more have been proposed outside its doors only twenty seven have ever been ratified More troubling the Constitution has not been meaningfully amended since 1971 Without recourse to amendment she argues the risk of political violence rises So does the risk of constitutional change by presidential or judicial fiat Challenging both the Supreme Court's monopoly on constitutional interpretation and the flawed theory of originalism Lepore contends in this gripping and unfamiliar story of our own past that the philosophy of amendment is foundational to American constitutionalism The framers never intended for the Constitution to be preserved like a butterfly under glass Lepore argues but expected that future generations would be forever tinkering with it hoping to mend America by amending its Constitution through an orderly deliberative and democratic process Lepore's remarkable

history seeks too to rekindle a sense of constitutional possibility Congressman Jamie Raskin writes that Lepore has thrown us a lifeline a way of seeing the Constitution neither as an authoritarian straitjacket nor a foolproof magic amulet but as the arena of fierce logical passionate and often deadly struggle for a more perfect union At a time when the Constitution's vulnerability is all too evident and the risk of political violence all too real We the People with its shimmering prose and pioneering research hints at the prospects for a better constitutional future an amended America We The People: The Story of the U.S. Constitution Doris Faber,1987 We, the People: The Story of the United States Capitol Its Past and Its Promise ,1970 **We the People of the United States ...** ,1986 **We the People: Foundations** Bruce A.
