## **Wealth Health And Democracy In East Asia And Latin America:**

**Wealth, Health, and Democracy in East Asia and Latin America** James W. McGuire, 2010-03-15 Why do some societies fare well and others poorly at reducing the risk of early death Wealth Health and Democracy in East Asia and Latin America finds that the public provision of basic health care and other inexpensive social services has reduced mortality rapidly even in tough economic circumstances and that political democracy has contributed to the provision and utilization of such social services in a wider range of ways than is sometimes recognized These conclusions are based on case studies of Argentina Brazil Chile Costa Rica Indonesia South Korea Taiwan and Thailand as well as on cross national comparisons involving these cases and others Wealth, Health, and Democracy in East Asia and Latin America James William McGuire, 2014-05-14 James W McGuire explores why some East Asian and Latin American societies have done better than others at raising life expectancy and reducing infant mortality The Oxford Handbook of Transformations of the State Stephan Leibfried, Evelyne Huber, Matthew Lange, Jonah D. Levy, Frank Nullmeier, John D. Stephens, 2015-06-11 This Handbook offers a comprehensive treatment of transformations of the state from its origins in different parts of the world and different time periods to its transformations since World War II in the advanced industrial countries the post Communist world and the Global South Leading experts in their fields from Europe and North America discuss conceptualizations and theories of the state and the transformations of the state in its engagement with a changing international environment as well as with changing domestic economic social and political challenges The Handbook covers different types of states in the Global South from failed to predatory rentier and developmental in different kinds of advanced industrial political economies corporatist statist liberal import substitution industrialization and in various post Communist countries Russia China successor states to the USSR and Eastern Europe It also addresses crucial challenges in different areas of state intervention from security to financial regulation migration welfare states democratization and quality of democracy ethno nationalism and human development The volume makes a compelling case that far from losing its relevance in the face of globalization the state remains a key actor in all areas of social and economic life changing its areas of intervention its modes of operation and its structures in adaption to new international and domestic challenges **Decentralization and Health Policy in South Asia** Nisha Bellinger, 2024-09-02 This ambitious and insightful book provides a unique regional perspective on health policy across South Asia focusing on how the decentralization of policy and governance leads to differing health outcomes across different countries in the region Comparing the contexts and outcomes in Sri Lanka Pakistan India Nepal and Bangladesh the book asks how power sharing arrangements between central and subnational layers of government nevertheless result in varying levels of success across issues such as infant and under five mortality rates The book argues that it is the role of central government in formulating policy and how this feeds into regional implementation that partly explains the disparities in health outcomes across the region The book will interest students and scholars of South Asia

**Universal Health Care** Marcia Amidon Lusted, 2019-12-15 Under universal health care all residents of a country would be guaranteed care without incurring financial hardship regardless of income Out of the thirty three countries that are considered developed thirty two have universal health care with the United States being the exception However despite the widespread nature of universal health care its implementation varies between countries Additionally despite its positive health impacts the financial burden it places on governments is a major source of concern This volume helps readers examine this issue through exploring economic political and health considerations taking all sides of the debate into account

Making Democratic Governance Work Pippa Norris, 2012-08-27 Is democratic governance good for economic prosperity Does it accelerate progress towards social welfare and human development Does it generate a peace dividend and reduce conflict at home Within the international community democracy and governance are widely advocated as intrinsically desirable goals Nevertheless alternative schools of thought dispute their consequences and the most effective strategy for achieving critical developmental objectives This book argues that both liberal democracy and state capacity need to be strengthened to ensure effective development within the constraints posed by structural conditions Liberal democracy allows citizens to express their demands hold public officials to account and rid themselves of ineffective leaders Yet rising public demands that cannot be met by the state generate disillusionment with incumbent officeholders the regime or ultimately the promise of liberal democracy ideals Thus governance capacity also plays a vital role in advancing human security enabling states to respond effectively to citizen s demands

**Paths for Cuba** Scott Morgenstern, Jorge Pérez-López, Jerome Branche, 2019-02-02 The Cuban model of communism has been an inspiration from both a positive and negative perspective for social movements political leaders and cultural expressionists around the world With changes in leadership the pace of change has accelerated following decades of economic struggles The death of Fidel Castro and the reduced role of Ra l Castro seem likely to create further changes though what these changes look like is still unknown For now Cuba is opening in important ways Cubans can establish businesses travel abroad access the internet and make private purchases Paths for Cuba examines Cuba s internal reforms and external influences within a comparative framework The collection includes an interdisciplinary group of scholars from around the world to explore reforms away from communism

**Achieving Access** Joseph Harris, 2017-09-15 At a time when the world s wealthiest nations struggle to make health care and medicine available to everyone why do resource constrained countries make costly commitments to universal health coverage and AIDS treatment after transitioning to democracy Joseph Harris explores the dynamics that made landmark policies possible in Thailand and Brazil but which have led to prolonged struggle and contestation in South Africa Drawing on firsthand accounts of the people wrestling with these issues Achieving Access documents efforts to institutionalize universal healthcare and expand access to life saving medicines in three major industrializing countries In comparing two separate but related policy areas Harris finds that democratization empowers elite professionals such as

doctors and lawyers to advocate for universal health care and treatment for AIDS Harris's analysis is situated at the intersection of sociology political science and public health and will speak to scholars with interests in health policy comparative politics social policy and democracy in the developing world In light of the growing interest in health insurance generated by implementation of the Affordable Care Act as well as the coming changes poised to be made to it Achieving Access will also be useful to policymakers in developing countries and officials working on health policy in the United States

**Handbook on Gender and Health** Jasmine Gideon, 2016-05-27 This Handbook brings together a groundbreaking collection of chapters that uses a gender lens to explore health health care and health policy in both the Global South and North Empirical evidence is drawn from a variety of different settings and points to the many ways in which the gendered dimensions of health have become reworked across the globe This collection includes insightful contributions from 56 leading authorities from Africa the Americas Asia Europe and the Middle East offering a wealth of knowledge theoretical reflection and empirical detail on the essential elements surrounding gender and health Topics covered include theoretical approaches to understanding gender and health migration sexuality ageing masculinities climate change and sexual and reproductive rights Split into four thematic sections this book strives to develop a clear road map towards achieving gender justice in health The Handbook on Gender and Health will be an important resource for researchers students and instructors of health policy and family and gender studies Contributors include G Alvarez Minte E Ansoleaga Moreno L Artazcoz A E Birn R A Burgess A Coates I Cort's Franch S Del Pino K Devries X D az Berr L Doyal K Elzein V Escib Ag ir B Eveslage C Ewig J Gideon J Gon alves Mart n B Gough H Grundlingh M Gutmann R R Habib M C Inhorn D Johnston D M Kamuya L Knight M Koivusalo R Kumar M Leite J Lyra E MacPherson A M Cardarelli P McDonough B Medrado L M Morgan S F Murray J Namakula L N ez Carrasco S Payne E Richards N Richardson M Richter S Robertson M Robinson J Samuel S Sexton J A Smith S Smith D L Spitzer S N Ssali S Theobald R Tolhurst J Vearey P Vero Sanso S Witter N Younes F Zalwango

Development, Democracy, and Welfare States Stephan Haggard, Robert R. Kaufman, 2008-09-14 Comparing the welfare states of Latin America East Asia and Eastern Europe the authors trace the origins of social policy in these regions to political changes in the mid 20th century and show how the legacies of these early choices are influencing welfare reform following democratization and globalization *Labour Markets, Institutions and Inequality* Janine Berg, 2015 Labour market institutions including collective bargaining the regulation of employment contracts and pension and other social protection policies are instrumental for improving the well being of workers and their families as well as societies Yet in many countries these institutions have been eroded in other countries they do not exist This edited volume examines the importance of these institutions for ensuring equitable income distribution including with empirical examples from both developed and developing countries It also analyses the connections between macroeconomic policies and inequality as well as how specific groups women migrant workers youths are affected by labour market institutions **Arab Middle Class** Khalid
