Python for Algorithmic Trading Yves Hilpisch,2020-11-12 Algorithmic trading, once the exclusive domain of institutional players, is now open to small organizations and individual traders using online platforms. The tool of choice for many traders today is Python and its ecosystem of powerful packages. In this practical book author Yves Hilpisch shows students, academics and practitioners how to use Python in the fascinating field of algorithmic trading. You'll learn several ways to apply Python to different aspects of algorithmic trading such as backtesting, trading strategies and interacting with online trading platforms. Some of the biggest buy and sell side institutions make heavy use of Python. By exploring options for systematically building and deploying automated algorithmic trading strategies, this book will help you level the playing field. Set up a proper Python environment for algorithmic trading. Learn how to retrieve financial data from public and proprietary data sources. Explore vectorization for financial analytics with NumPy and pandas. Master vectorized backtesting of different algorithmic trading strategies. Generate market predictions by using machine learning and deep learning. Tackle real time processing of streaming data with socket programming tools. Implement automated algorithmic trading strategies with the OANDA and FXCM trading platforms

Plants in Science

Fiction Katherine E. Bishop,David Higgins,Jerry Määttä,2020-05-01 This is the first volume of its kind. *Plants in Science Fiction* shows how considerations of plant life in SF can transform our understanding of institutions and boundaries, erecting and dismantling new visions of utopian and dystopian futures. Its original essays argue that plant life in SF is transforming our attitudes toward morality, politics, economics and cultural life

New Marriage, Same Couple Josh Walters,Katie Walters,2024-01-09 For better or for worse, for richer or for poorer, in sickness and in health. We say those words and mean them. Until we don't. This is a book about creating a different, better new kind of marriage with the exact same person no matter how dire the circumstances with vision, commitment and hope in the Lord. Remember those early days of love. When your heart felt all fluttery and you saw your person through rose-colored glasses. They could do no wrong. You were going to have the most beautiful life with big adventures and lots of sex. Of course, everyone says marriage is work you knew that. But that was okay, you could get through anything together. It was going to be great. Until it wasn't. Something happened. Or maybe nothing happened. Maybe it was one big something or a lot of little somethings over many years that landed you in a marriage you hardly recognize. For Josh and Katie Walters, it was a big something: infidelity. Now they counsel couples who find themselves exactly where they were: lost, hopeless and unsure of how to fix their marriage. This book lays out the

principles Josh and Katie learned in that season when God healed and restored their marriage This process is broken into four parts and is an acronym for the word STAY S start with you Discovering that when one person changes the entire relationship changes T take quitting off the table Bringing your whole self to the solution and not checking out mentally and emotionally A allow others to be a part of your journey Trusting the right people in the right ways at the right time Y yield to vision Looking past what is and imagining what could be New Marriage Same Couple is a book about hope It s about how to create a brand new marriage with your spouse whether you ve been married for a short time or for decades *Take Control of Sequoia* Joe Kissell, 2025-04-29 Get up to speed quickly with macOS 15 Version 1 2 updated April 29 2025 macOS 15 Sequoia is one of Apple s most ambitious updates in years Along with the usual range of new features it introduces Apple Intelligence which permeates many parts of the system and fundamentally changes the sorts of things you can do with your Mac and how you do them This book is your complete guide to what s new in Sequoia Sequoia adds a great many features to macOS although some of them didn t appear until later releases This book now up to date through version 15 4 1 covers all the changes so far You ll learn about Apple Intelligence capabilities new window tiling features iPhone mirroring videoconferencing tools the much discussed Passwords app how Siri is becoming more powerful new ways of formatting messages in the Messages app additional features in Notes among other changes Joe also walks you carefully through the upgrade process from earlier versions of macOS This book teaches you things like How to tell whether your Mac is compatible with Sequoia Steps you should take before upgrading How to perform an in place upgrade or do a clean install and migrate your old data from a backup What s new in the System Settings app Using new Safari 18 features such as page highlights a redesigned Reader view a tool to remove distracting page elements and a new video viewer What Apple Intelligence can do so far including Siri changes ChatGPT integration writing tools and image generation The many ways you can now tile your windows and how to turn off the annoying bits What the new Passwords app can and can t do and why it probably won t replace your current password manager Using the new iPhone Mirroring app to interact with your iPhone right on your Mac s screen How to enhance video calls using apps like FaceTime Zoom or Slack with background replacement and better screen sharing controls Ways to format text and add animations in Messages plus smart replies scheduled replies and emoji or sticker tapbacks New ways to use Notes including new text formatting options transcription of live audio collapsible sections and text highlighting How to use Math Notes for calculations without a calculator or spreadsheet and not just in the Notes app Small but interesting changes throughout macOS such as accessibility improvements and new capabilities for AirPods Improvements to bundled apps including Calculator Calendar Finder Freeform Home Mail Maps Music Photos Podcasts Reminders TV and Weather *Life Goes Both Ways* Willy Vil, 2024-08-05 The story Life Goes Both Ways is a true story that is about a twenty year old who just finished high school from abroad and moved to the USA without his mom dad and friends Due to the speech impediment life was too difficult for him When he left

he made lots of commitments to his family In the start he felt that everything was going to be easy to the point where he was going to maintain a reasonable life right away Shortly he discovered that things didn t work like that in the United States of America Some types of items ought to be done sooner before you could get yourself situated At foremost he was living with his brother J but things didn t work out nicely between the two of them In a brief time in the country he was out of his brother s home with no place to stay Luckily an elder companion of his promised him to stay in his place until he gets his life in order Therefore he jumped back and forth from position to position until he chose to go to school to construct some modifications in his life He attempted to go to school but it didn t work out for him It wasn t until he met a professor who used to teach French at a university in Paris who showed him some methods about how to write essays in the English language Ever since he observed he was doing very well in school He managed to get his associate s in business entrepreneurship but then quit going to college After a few years he met his wife and they had three boys together and bought a house Due to union obligations and taking care of the children he couldn t afford to go back to school His life was focused on the children s education and work After the children graduated from college and had successful careers he decided to go back to school to finish what he started After fifty plus years during COVID time he went back to school and managed to graduate with honors He went to Purdue University Global where he got himself a degree in business administration He was an exceptional student too Information in the book showcased that life went both ways At certain times in life there would be no way out other times things would be floating smoothly At first the future didn t appear very good for the young man in this country With hard work commitment and the support of a few good people he managed to adjust certain things and at last create an exorbitant life for himself Things were challenging at the beginning but he turned a bunch of negative stuff into positive ones Nevertheless I think that we need good tutors to teach us about the facts of life In that case our parents are the ideal ones After all I believe very strongly that we should listen to our mom and dad more often because their words contain valuable lessons to teach us

The Battle for Your Brain Nita A. Farahany, 2023-03-14

A new dawn of brain tracking and hacking is coming Will you be prepared for what comes next Imagine a world where your brain can be interrogated to learn your political beliefs your thoughts can be used as evidence of a crime and your own feelings can be held against you A world where people who suffer from epilepsy receive alerts moments before a seizure and the average person can peer into their own mind to eliminate painful memories or cure addictions Neuroscience has already made all of this possible today and neurotechnology will soon become the universal controller for all of our interactions with technology This can benefit humanity immensely but without safeguards it can seriously threaten our fundamental human rights to privacy freedom of thought and self determination From one of the world s foremost experts on the ethics of neuroscience The Battle for Your Brain offers a path forward to navigate the complex legal and ethical dilemmas that will fundamentally impact our freedom to understand shape and define ourselves
