## Websites For Advanced Higher Spanish:

[Pragmática del español](#) J. César Félix-Brasdefer, 2018-10-04 Pragmática del español introduces the central topics in pragmatics and discourse from a sociolinguistic perspective. Pragmatic variation is addressed within each topic with examples from different varieties of Spanish spoken in Latin America, Spain and the United States. A companion website provides additional exercises and a corpus of Spanish data for student research projects. A sample syllabus and suggestions for further reading help instructors tailor the material to a one semester course or as a supplement to general introduction to Hispanic linguistics courses. This is an ideal resource for advanced undergraduate and postgraduate students at level B2-C2 of the Common European Framework for Languages and Intermediate-High Advanced-High on the ACTFL proficiency scales.

**Research**

[\*\*Anthology on Bilingual and Multilingual Education\*\*](#) Management Association, Information Resources, 2021-10-29 Given the boost in global immigration and migration as well as the emphasis on creating inclusive classrooms research is turning to the challenges that teachers face with the increasing need for bilingual and multilingual education. The benefits of bilingual education are widespread allowing students to develop important cognitive skills such as critical thinking and problem solving as well as opening further career opportunities later in life. However very few resources are available for the successful practice and implementation of this education into the curriculum with an even greater lack of appropriate cultural representation in the classroom. Thus it is essential for educators to remain knowledgeable on the emerging strategies and procedures available for making bilingual and multilingual education successful. The Research Anthology on Bilingual and Multilingual Education is a comprehensive reference source on bilingual and multilingual education that offers the latest insights on education strategy and considerations on the language learners themselves. This research anthology features a diverse collection of authors offering valuable global perspectives on multilingual education. Covering topics such as gamification learning processes and teaching models this anthology serves as an essential resource for professors, teachers, pre-service teachers, faculty of K-12 and higher education, government officials, policymakers, researchers and academicians with an interest in key strategy and understanding of bilingual and multilingual education.

**EMERGENCY**

[\*\*RESPONSE AND EMERGENCY MANAGEMENT LAW\*\*](#) William C. Nicholson, 2013-12-01 This second edition is a major revision and update of Emergency Response and Emergency Management Law. As the first text to be published on emergency response and emergency management law this book provides an understanding of the legal challenges faced on a daily basis by the front line troops in emergent situations. The emergency response law section begins with the duty to respond and proceeds through the wide range of legal issues that arise during response. Training accidents, vehicle issues, dispatch

emergency medical services issues and Good Samaritan acts are covered Additional topics include the standard operating procedures mutual aid the incident management system hazardous materials incidents OSHA using volunteer resources recovery by responders the rescue doctrine and the World Trade Center site litigation The emergency management law section examines the powers of governors state and local responsibilities federal emergency management difficulties in mitigating legal exposure legal steps for mitigation potential negligence liability legal requirements and interpreting translating assistance preparedness cases recovery cases and the role of the local government attorney before during and in the aftermath of a disaster The Federal Emergency Management Agency FEMA the Stafford Act and the National Response Framework NRF are discussed in great detail The third section discusses the ethical imperative homeland security expenditures policy and legal changes wars in Iraq and Afghanistan and the war veterans At the end of each chapter questions and problems refer back to the text These resources highlight the principal issues and serve as a valuable teaching tool for the instructor This text provides a firm base of legal knowledge for emergency responders emergency management professionals and their attorneys
