Weird Science And Bizarre Beliefs Mysterious Creatures Lost Worlds And Amazing Inventions:

Weird Science and Bizarre Beliefs Gregory L. Reece, 2008-10-30 Does the giant Yeti roam the mountain ranges of Tibet Does a real life Shangri La lie waiting to be discovered in a Himalayan valley Do transmissions from lost civilizations beam messages of salvation to humankind What lost creatures lurk in the murky depths of Scotland's brooding Loch Ness And who or what is responsible for the implacable monoliths which tower over Easter Island The obsession that so many now have with the uncanny and the unnatural is in itself a mystery It prompts serious questions which could have remarkable answers Drinking deep from the wells of esoteric knowledge Greg Reece undertakes a heroic quest for solutions Braving the darkest recesses of cult belief he stalks the twilight borderlands of contemporary culture where at the outer edges of mainstream thought things become downright freaky and outlandish Taking his life in both hands the author explores a subterranean cavern reputed to be the home of elusive blue skinned troglodytes goes hiking in the backwoods for a glimpse of Bigfoot investigates the truth of Alternative Archaeology in search of Atlantis and tests for himself the time travel and anti gravity theories of famed inventor Nikola Tesla Unashamedly revelling in the unexplained *Weird Science and Bizarre Beliefs* is both a penetrating analysis of the hidden underbelly of science pseudo science and religion as well as an unforgettable journey into the innermost depths of the fantastic the extraordinary and the peculiar *The Oxford Handbook of Science Fiction*

Rob Latham, 2014-09-01 The excitement of possible futures found in science fiction has long fired the human imagination but the genre's acceptance by academe is relatively recent No longer marginalized and fighting for respectability science fictional works are now studied alongside more traditional art forms Tracing the capacious genre's birth evolution and impact across nations time periods subgenres and media *The Oxford Handbook of Science Fiction* offers an in depth comprehensive assessment of this robust area of scholarly inquiry and considers the future directions that will dictate the terms of the scholarly discourse The Handbook begins with a focus on questions of genre covering topics such as critical history keywords narrative the fantastic and fandom A subsequent section on media engages with film television comics architecture music video games and more The genre's role in the convergence of art and everyday life animates a third section which addresses topics such as UFOs

Creatures of the Night Gregory L. Reece, 2012-02-28 Vampires and werewolves phantoms and phantasms looming out of the fog leaps the menacing spectre of the lycanthrope ghoul or blood crazed zombie Intrigued by some of the most sinister yet at the same time most compelling legends of western civilization Gregory L Reece dusts down his stake and crucifix loads his silver bullets and takes off into the wilds in search of answers and fresh adventures Rummaging around in crumbling tombs and cobwebbed sarcophagi his latest quest leads him into the haunted realm of the dead and the undead of those carnivorous nocturnal hunters that might perhaps better be left undisturbed Why he asks is our culture obsessed by the eerie and the macabre Why despite its horrors does the dark side of the supernatural its seances and ghost hunting demonic possession and the occult call to us with such dangerous allure

Whether tracking night stalking werewolves chanting black magic mantras with Satanists or interviewing a funereal modern day Count Dracula Reece is determined to uncover the truth A wry exploration of a secret and secretive subculture Creatures of the Night is at the same time a bold and startling journey into a wraithlike world that has so often seemed to lie beyond the limits of rational comprehension until now *Broadcasting & Cable* ,2000-01-17 **Salute** ,1947 *Esquire* ,1947-10 *Collier's* ,1948 *Ebony* ,1947 *Look* ,1949 **Elvis Religion** Gregory L.
