American Studies Janice A. Radway, Kevin Gaines, Barry Shank, Penny Von Eschen, 2009-03-09 *American Studies* is a vigorous bold account of the changes in the field of American Studies over the last thirty five years Through this set of carefully selected key essays by an editorial board of expert scholars the book demonstrates how changes in the field have produced new genealogies that tell different histories of both America and the study of America Charts the evolution of American Studies from the end of World War II to the present day by showcasing the best scholarship in this field An introductory essay by the distinguished editorial board highlights developments in the field and places each essay in its historical and theoretical context Explores topics such as American politics history culture race gender and working life Shows how changing perspectives have enabled older concepts to emerge in a different context *Dance of Duality* Ishaan Nag, 2024-03-18 In this book I chronicle the adventures of three perpetually confounded time travelers celebrate a static lull of bare existence free of discomfort but also ecstasy The collection point fingers and blame while also criticize that blame This collection talks about high concepts and low concepts outrage and mediocrity But most of all it tries to be creative It is chaotic it is warm it is disturbing it is inconsistent it is rough around the edges yet its embrace is godly to whoever among you the reader it relates to I wish you a pleasant nervous frustrating fulfilling and subjective journey to explore our conscience our secret love and fear our metaphorical and physical surrounding As a little addition I have also included some of my primitive short stories for your entertainment and to remind me it will get better as I learn to hone the art We explore our metamorphosis and stationary state of being we explore both our murmured musings and our fearlessly shouted statements Let us celebrate the contradictions in us the harmless double standards in us the Dance of our Duality
