

The image features the Netflix logo in its signature red, bold, sans-serif font. The logo is positioned in the lower right quadrant of the frame. The background is a low-angle, upward-looking shot of a modern building's glass facade at night. The building's structure is composed of numerous vertical and diagonal glass panes, which are illuminated from within, creating a strong blue glow that permeates the entire scene. The perspective creates a sense of height and architectural scale. The overall color palette is dominated by the deep blue of the night and the building's interior lights, contrasted sharply by the vibrant red of the Netflix text.

Netflix Recommends Mattias Frey, 2021-10-05 Algorithmic recommender systems deployed by media companies to suggest content based on users viewing histories have inspired hopes for personalized curated media but also dire warnings of filter bubbles and media homogeneity. Curiously both proponents and detractors assume that recommender systems for choosing films and series are novel, effective and widely used. Scrutinizing the world's most subscribed streaming service Netflix, this book challenges that consensus. Investigating real life users, marketing rhetoric, technical processes, business models and historical antecedents, Mattias Frey demonstrates that these choice aids are neither as revolutionary nor as alarming as their celebrants and critics maintain and neither as trusted nor as widely used. Netflix Recommends brings to light the constellations of sources that real viewers use to choose films and series in the digital age and argues that although some lament AI's hostile takeover of humanistic cultures, the thirst for filters, curators and critics is stronger than ever.

Marketing Robert W. Palmatier, Andrew Crecelius, 2025-02-20 An introduction to marketing theory and practice based around Palmatier's acclaimed first principles, this textbook provides a global perspective and an abundance of engaging case studies. Palmatier's four principles: all customers differ, all customers change, all competitors react, all resources are limited, provide a framework for understanding the diverse and idiosyncratic world of modern marketing. Whether offline or digital, B2C or B2B, products or services, domestic or international, the same principles apply. This textbook dives headfirst into marketing controversies. Unique learning features, *Marketing Fail* and *Shades of Grey*, capture the messy reality of the business world and encourage students to reflect critically on both sides of a debate. A focus on application means that a large share of the text is devoted to case studies featuring contemporary organisations such as Beyond Meat, Zoom, IKEA and the World Health Organization. The perfect textbook for introductory modules on the essentials of marketing. *Marketing Based on First Principles* provides a unique and dynamic approach, allowing students to develop effective and flexible methods to deal with diverse and complex problems of marketing today. EBOOK: International Marketing, 5e Pervez Ghauri, Philip Cateora, 2021-08-16 In its 5th edition, *International Marketing* guides students to understand the importance of international marketing for companies of every size and how going international can enhance value and growth. It provides a solid understanding of the key principles and practices of international marketing. The text has been thoroughly updated to reflect the most recent developments in the current business environment and encourages students to critically engage with the content within the context of modern life. **Key Features** A new chapter dedicated to Digital and Social Media Marketing. Fully updated pedagogy including Going International vignettes and End of Chapter questions. Brand new examples and case studies from global and innovative companies including Red Bull, Gillette and Audi. Now includes Interactive activities, Testbank questions and Quizzes available on Connect. *International Marketing* is available with McGraw Hill's Connect, the online learning platform that features resources to help faculty and institutions improve student outcomes and course
