

## INSTRUCTION GUIDE FOR SUMMER AND FALL 2022 PLACEMENT

## What is ALEKS Math Placement?

Math placement will be processed according to 1) scores, 2) scores, 3) credit transfer credits, and 4) equivalent course completion. If a student does not have any offerings in credit for the mathematics course they wish to enroll in, credit transfer or AP/IB/Placement Preparation will determine their ALEKS placement to determine readiness. ALEKS PPE is a web-based program that uses artificial intelligence to map a student's strengths and weaknesses. The Placement Assessment is up to 25 questions and generally takes 30-45 minutes to complete. After the Placement assessment, an individualized placement recommendation is provided for students to utilize their knowledge on strengths and weaknesses to determine their opportunity to improve their placement.

## The Placement Office's goals:

- The Placement Office will provide challenges and aid the placement.
- The Prep and Learning Modules will be used, with paid module options.
