A Peaceable Hope David J Neville,2013-02-15 In the New Testament texts there is significant tension between Jesus s nonviolent mission and message and the apparent violence attributed to God and God s agents at the anticipated end David Neville challenges the ready association between New Testament eschatology and retributive vengeance on christological and canonical grounds He explores the narrative sections of the New Testament the Gospels Acts and Revelation with a view to developing a peaceable as opposed to retributive understanding of New Testament eschatology Neville shows that for every narrative text in the New Testament that anticipates a vehement eschatology another promotes a largely peaceable eschatology This work furthers the growing discussion of violence and the doctrine of the atonement
